My RxBenefits Book

Access to your clients' pharmacy data anytime

Evolving our approach with a streamlined benefits advisor portal for easy and secure access to your clients' data.

Obtain Self-Service Configurable Reports

- Save, share, and schedule an array of configurable reports*
- Access claims, identify trends and utilization, and view stop loss reports

Get Real-Time Access to Your Clients' Information

- All your clients' data, in one convenient, secure location
- Obtain individual client invoices in a single, consolidated format
- Receive and retrieve files quickly and securely

Support Your Clients' Employees

- View and edit member and eligibility data
- Download or email temporary ID cards

Talk to your RxBenefits Account Manager to learn more.

**Benefits advisors who receive scheduled reports today via DataNet will automatically receive scheduled reports in the same cadence through the My RxBenefits Book portal. You must be a registered user to retrieve the reports.*
