

Is it time to update a pharmacy benefit offering?

The answer is yes, if:

Your client's current plan isn't delivering.

Despite what you thought was a strong contract, your client's pharmacy costs were alarmingly high. As renewal looms, you're searching for the best proposals among all the options on the table, but that's a lot of options, and it's hard to know what to recommend.

Rely on expert, data-driven analysis.

A free Comprehensive Pharmacy Assessment from RxBenefits takes just 10 days and compares options from the nation's Top 3 PBMs, saving your clients an **average of 20% in their first year** thanks to clean, client-aligned terms.

Their uncertainty gets in the way.

Your mid-market client feels almost ready to carve out their pharmacy benefit, but facing so much uncertainty, they're reluctant to act. Lack of insight into contracts makes it hard to determine what's really competitive with rates, rebates, and terms — and their HR head is getting frustrated.

Bring in a specialist.

With our Assessment, you gain immediate access to our team of experts, who can assess the best options from a contract and a clinical perspective. That helps you deliver high-quality, cost-effective pharmacy benefit plans to your client quickly.

They're losing money to vague contract terms.

Your client just found out that expected rebate payoffs never materialized because of terms and qualifications hidden in the fine print. And now they're taking calls with other benefits advisors promising to deliver savings.

Easily evaluate current and potential plan performance.

Our Assessment evaluates your client's current plan performance and simultaneously secures offers from the Top 3 PBMs — with a **94% renewal rate** so we can keep your clients connected to the right solution.
