

DISCLOSURE MANAGEMENT POWERED BY IRIS CARBON®

Manage disclosures efficiently, with greater confidence

Build a fast and reliable disclosure management process with Prophix One™

Companies frequently disclose facts about their performance to a variety of stakeholders to demonstrate transparency and build organizational trust.

With the frequency and volume of disclosures on the uptick, reporting teams across companies need a solution that will help realize accuracy, control and time enhancements.

Prophix One provides a collaborative environment that boosts your reporting process while reducing the time spent on report creation and improving data quality.

A 360° view of your jobs

Collaborate across the whole organization

- Bring internal and external contributors into a single, collaborative environment
- Manage the editing process using workflow and commenting capabilities
- Use flexible permission levels to focus and streamline the reporting process

Shorten time needed for managing disclosures

- Establish a single source of truth for all your data
- Ensure transparency in reporting with a full audit trail
- Avoid version control issues with version management

Ensure your data is accurate and traceable

- Data collection from multiple sources
- Easy tracking and review of all documents
- Transparent approval process

Simplify and transform processes in the Office of the CFO

Streamline and speed-up disclosure management

Office 365 integration

Put agility and accuracy at the forefront

With an Office 365 integration, you can link your Word and Excel files with Disclosure Management for seamless authoring of corporate documents, reports, and statements.

Improve flexibility and speed of reporting

A single platform to gather your data and manage workflows

Automate data collection from multiple sources and generate narrative and financial information efficiently, in multiple output formats, while staying on top of your progress.

Better version control

Be confident in the quality of your disclosures

Create, view, and compare versions, while still keeping your current document. Version management enables quick, confident, and hassle-free updates to your disclosures.
