

Financial Clarity For Airport Authorities

Connecting planning, performance,
and reporting across one platform

Plan Beyond The Annual Budget

Build budgets, forecasts, and multi-year plans in one place without the pain of disconnected spreadsheets.

Make Scenario Planning Faster

Create and compare driver-based scenarios, such as passenger volumes without overwriting baseline plans.

Enable Collaboration With Control

Collect department inputs through governed workflows – so finance stays in control.

Integrate Seamlessly with your ERP

Integrate ERP and reporting tools so plans and reports stay aligned without manual work.

Built on trust. Powered by results.

Prophix® is a global leader in financial performance management, empowering airport authorities and infrastructure organizations to lead with clarity, capacity, and confidence. From planning and budgeting to forecasting, reporting, reconciliation, and consolidation, Prophix brings it all together in one intelligent platform.

Prophix One™, the flagship Autonomous Finance Platform, combines AI, automation, and intuitive technology to simplify complex financial processes and support transparency, governance, and long-range decision-making. With nearly four decades of innovation and a global footprint serving more than 3,000 customers in 100+ countries, Prophix is the trusted partner to public-sector and infrastructure organizations worldwide.

30+ years of industry leadership

3000+ customers, 110+ countries

Architected for scale, enterprise grade security
