

Optimize Production Capacity & Reduce Time-to-Market

Food & Beverage Success with Prophix and Sage

Prophix integrates with your Sage ERP to combine operational planning with financial planning, giving you a window into how strategic decisions will influence cash flow. Keep profitability, revenue, supply, and production data in sync with our purpose built solutions.

Sage ERP runs your business but with Prophix, Finance leaders can truly manage the health of their company with real-time insights into today's performance and transform how you plan for tomorrow.

Get Clearer Insight into Your Business

- Scenario planning
- Workflow automation
- Revenue & COGS planning
- OpEx, Personnel & CapEx planning
- Balance Sheet & Cash Flow planning
- Production planning

“

We use Prophix for all of our financial reporting, forecasting, and budgeting across the whole organization. It is used for all of our month-end reporting, our quarterly re-forecasting, and our yearly budget process... It also gives us one source of truth so you do not have to worry about who has the most current version of an Excel spreadsheet.”
