

Master ESG reporting with precision and confidence

Be confident in meeting compliance requirements with Prophix

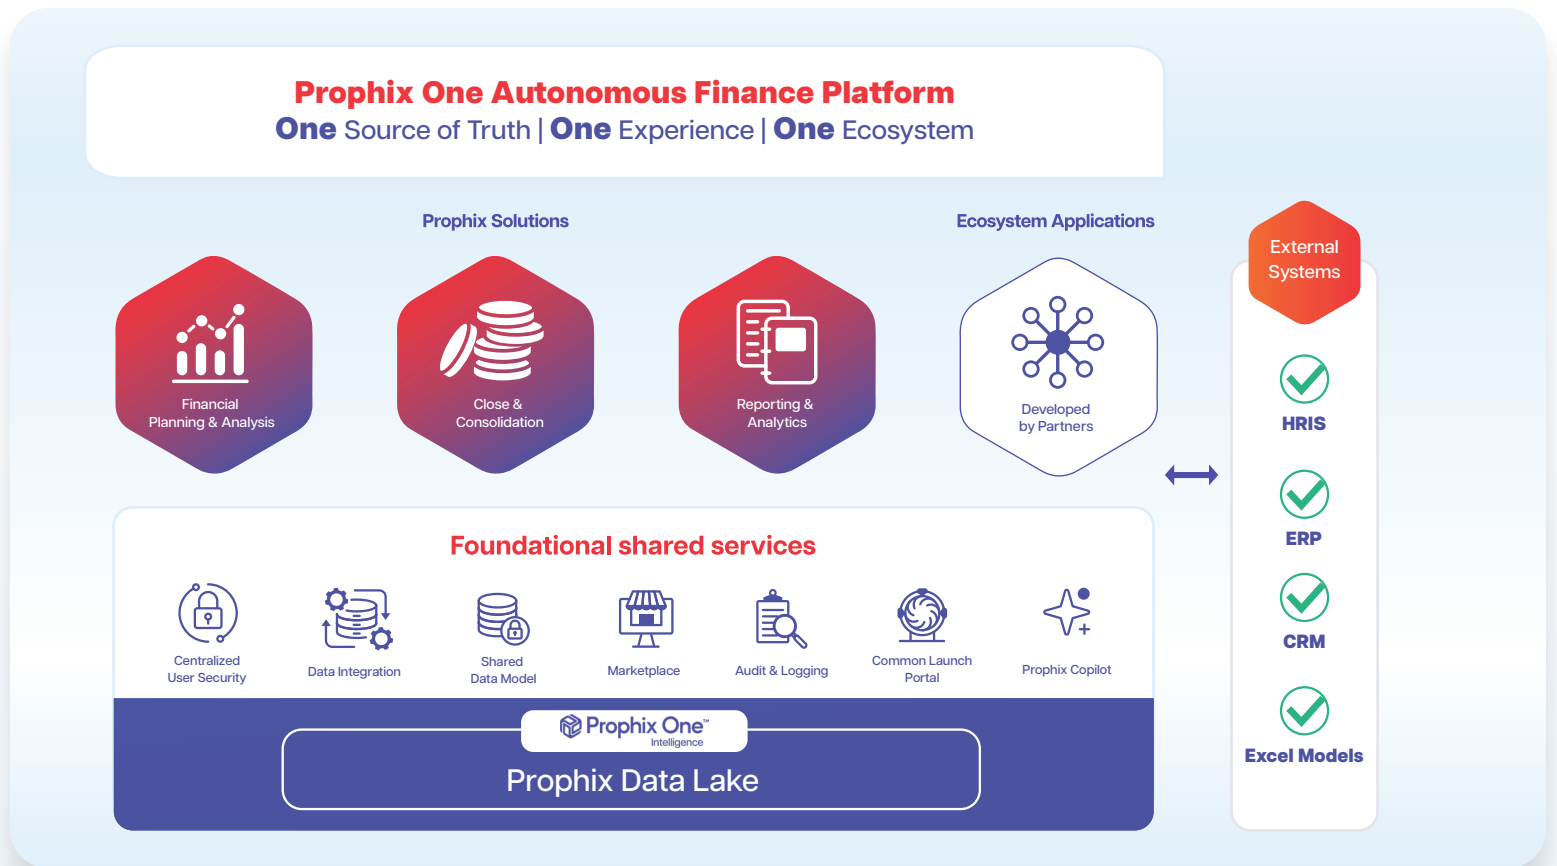

ESG reporting provides a holistic view of a company's sustainability efforts and responsible business practices. Regulations, standardized frameworks, and reporting guidelines help ensure consistency and comparability across different companies and industries.

Complying with ESG reporting requirements can present a significant challenge without the suitable tools to effectively collect, manage, and analyze the diverse range of data. With Prophix, you can meet ESG reporting goals with confidence by streamlining data collection, management, and analysis to ensure accurate and comprehensive reporting.

End-to-end ESG reporting and planning

Simplify and transform processes in the Office of the CFO

Ensure a smooth ESG reporting process

CSRD compliance

Seamlessly incorporate both quantitative and qualitative metrics and enhance reporting accuracy with an integrated double materiality assessment.

Unified reporting environment for financial and non-financial data

Whether through manual input or automated data collection, Prophix brings your data into a single source of truth for a streamlined reporting process.

Hassle-free disclosure and regulatory filing powered by IRIS CARBON®

Outsource your ESG, disclosure, and XBRL tagging, leaving only the review and sign-off to you.

About Prophix®
