## COMMERCIAL-GRADE MOWERS Stand-On

Whatever the job, from small to large, there's a Kubota stand-on mower offering professionals the durability, convenience, and performance they need.

# COMMERCIAL STAND-ON MOWERS

**SZ** Series

## Kubota Comfort and Productivity

Kubota Stand-On Mowers are some of the fastest machines in their class, while delivering superior comfort and durability. The mower deck delivers superior mowing performance that professionals demand. You'll be able to get more done in even the tightest spaces.

**These Stand-On Mowers are designed to offer a smooth and easy ride, all while delivering high-end operational power and maneuverability. The SZ Series stand-on mowers feature the following:**

- › All models are powered by Kawasaki commercial-grade engines, including an EFI option.
- › Adjustable reference bar and dampers give the operator a personalized experience.
- › Toolless adjustable tracking keeps you driving straight.
- › Kubota Stand-On Mowers provide exceptional transport speed, allowing maximum speeds of up to 17.70 kph.
- › The fuel tank is housed inside the control tower, protecting the fuel tank and allowing for a lower center-of-gravity design.
- › Wide and angled operator platform offers ample foot space, as well as the option of flipping up the platform to easily walk behind.
- › Accessible maintenance points reduces downtime.
- › Quick and easy cog/gear style deck level adjustments.
- › New ZERO T rear tire - For better traction especially on side-hill operation.

\*These Kawasaki engines have been tested in accordance with SAE J1995, verified by TÜV Rheinland Group, and certified by SAE International. The gross power ratings of these engines were determined by using measurements according to SAE J1995 which were witnessed by SAE-approved witnesses from TÜV Rheinland Group. Torque ratings of these engines were not certified by SAE. Actual power and torque output will vary depending on numerous factors, including, but not limited to, the operating speed of the engine in application, environmental conditions, maintenance, and other variables.
