1- Requires Ballast

Notice:

The above identified implements are either manufactured by Kubota or have received an Engineering Release approving use by Kubota, and thus meet the performance matching requirements for the specified power machines for normally anticipated operating conditions. The specifications above are intended for general application; unusual soil, terrain, or severe operating conditions may not allow for the use of a specific implement under those operating conditions. The use of implements or attachments which are neither manufactured or approved by Kubota for use with the specified power machines and which do not meet the above specifications may result in malfunctions or damage to the power machine, damage to other property and/or injury to the operator or to others. Any such malfunctions or damages are not covered by the Kubota express limited warranty. The power machine, implement, and operating conditions need to be evaluated and monitored by the operator to be sure that the conditions are within a safe operating envelope for general use.

- Check with the tractor manual to verify for proper ballasting when using an implement or attachment on the machine.
- Additional kits (Rear Remotes, Third Function valves, etc.) may be required to use any of the above implements. Check with your local dealer to determine what is needed for proper fitment and operation.
- (***) This implement/attachment is approved for the base weight, but allows for additional ballasting (concrete blocks, seed, water tanks). Verify with the tractor manual and ensure proper ballasting before adding any additional weight to the implement/attachment.

Kubota Canada Ltd. notes that specifications and technical information are subject to changes without notice and Kubota does not represent or warrant that the information in this publication is completely accurate or current; however, Kubota used reasonable efforts to set forth and include accurate and up to date information in this publication. Kubota disclaims all representations and warranties, whether express or implied, including, but not limited to, warranties of merchantability and fitness for a particular purpose and Kubota shall not be liable for any damages, whether compensatory, direct, indirect, incidental, special, or consequential, arising out of or in connection with the use of this publication, or in the information therein.
