**Kubota Genuine Parts**  
for maximum performance, durability and safety

# DURABILITY MEETS SPEED

The RTV-XG850 Sidekick is the ultimate vehicle for those who refuse to compromise. The perfect blend of utility performance and versatility, where durability meets speed. You can trust it will help get the job done. The new model year 2023 Sidekick sees a new Stone Gray model and new graphic packages added to the lineup. For the first time, a Kubota gasoline engine powers the Sidekick. Every machine comes standard with our 2-year or 1,000 hour warranty. Because trust is earned, not given.

# READY FOR EVERYTHING

**SIDEKICK**

**POWER THROUGH IT**

**DO IT WITH PURPOSE**

**ELEVATE YOUR EXPERIENCE**

**YOUR RELIABLE ADVANTAGE**

# POWER THROUGH IT

When you have a job to get done, or the great outdoors calls, jump in your Sidekick and press the throttle. The new Kubota engine in all 2023 Sidekicks comes with increased horsepower and torque which improves its hill climbing ability, especially under load. Now, you can power through it with confidence.

## NEW KUBOTA ENGINE

### Torque increase

The new Kubota engine boasts 48 lb-ft. of torque, increased 5.7% from the previous engine. Now, even under load, you can rely on the Sidekick to quickly get you to where you need to be.

### Horsepower increase

The horsepower increased by 11.8% over the previous engine, outputting 54 HP. Combine that with a top-speed of 64.4km/h and you get a utility-vehicle designed to maximize work and life.

### Hill climb

Between the horsepower and torque increase, you can expect better hill climb performance when compared with prior model year Sidekicks. The difference is most noticeable in working conditions, like hauling material or towing a trailer. Now more than ever, you can be assured you have the performance to power through it.

# DO IT WITH PURPOSE

The Sidekick is a machine built to maximize work and life. A crossover utility-vehicle with an emphasis on utility, the machine is designed to get the toughest tasks done, quickly. The Sidekick lives up to its namesake, so no matter what you do, you can do it with purpose.

## Neutral stance with load

When the Sidekick is under a full cargo load, the machine sits relatively neutral. This stance helps the driver control the machine with solid maneuverability - making quick work of even the toughest tasks.

## Operating speed with load

Unlike some competitive machines on the market, Sidekick is designed to perform consistently even with a full load of cargo. Meaning you can leverage all of the Sidekick's performance, with or without a fully loaded cargo box.

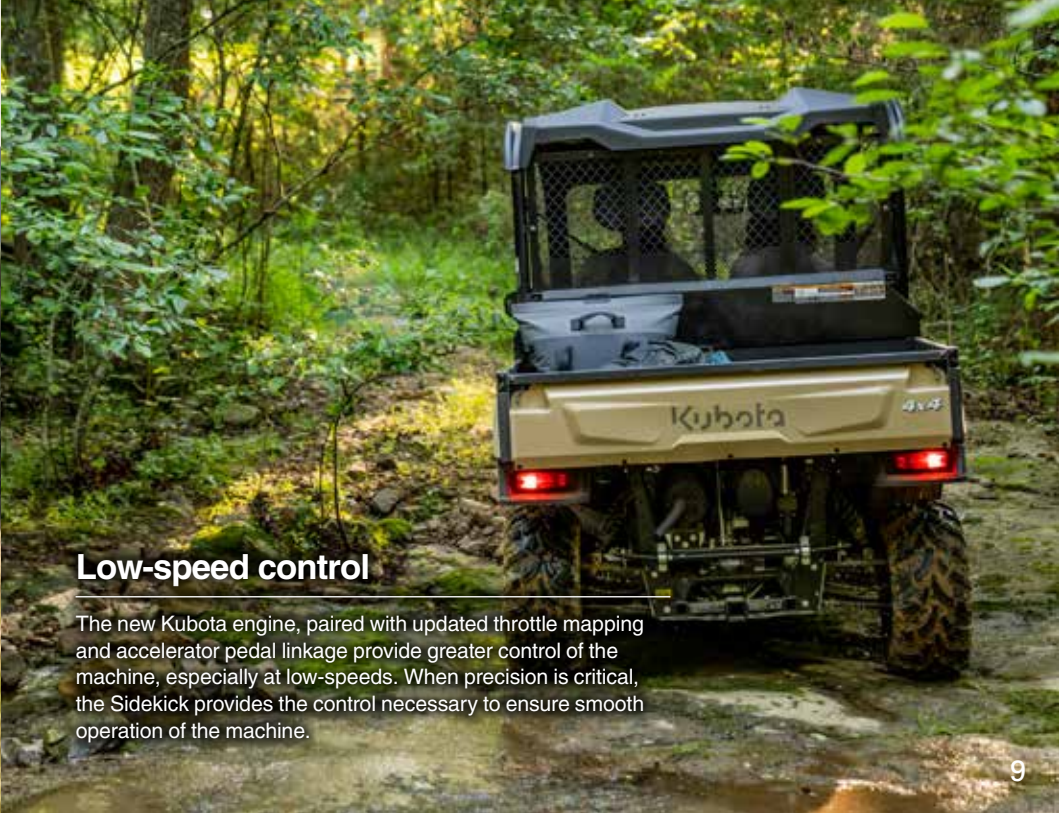

## Suspension

The front and rear independent suspension provides a smooth and comfortable ride. It provides stability in working applications, and confidence to traverse a variety of terrain when enjoying your favorite outdoor activities.

## Low-speed control

The new Kubota engine, paired with updated throttle mapping and accelerator pedal linkage provide greater control of the machine, especially at low-speeds. When precision is critical, the Sidekick provides the control necessary to ensure smooth operation of the machine.

**CARGO SPACE**

**HANDLE TERRAIN**

# ELEVATE YOUR EXPERIENCE

Sidekick is a highly versatile machine, built to get the job done and elevate your experience. The 2023 model year Sidekick is designed to reduce noise and vibration, when compared to prior model year vehicles. Pair this with the redesigned throttle linkage and you get a ride built for all-day comfort. The large cargo box and optional cargo accessories gives you the space and utility to carry anything you need, whether it's on the job or during a day of exploration - enhanced by the Sidekick's ability to handle terrain.

**ALL DAY COMFORT**

**NOISE & VIBRATION REDUCTION**

# YOUR RELIABLE ADVANTAGE

Wherever you go, the Sidekick will make the journey comfortable and convenient. From the new ergonomic meter panel steering wheel and shift knob, to the bright LED headlights and a ton of convenience utility features, the Sidekick has everything you need to enjoy the trip.

## Digital cluster

The smart new meter panel alerts you to all major vehicle functions with seatbelt and parking brake alarms and overheating and intermediate gear control indicators. The modern white LCD display provides excellent visibility. The modern white LCD display provides excellent visibility in any condition.

## Steel cargo box

Sidekick is equipped with a unique and well-established steel cargo box. The protection of this highly durable cargo box can be enhanced even more with the addition of an optional spray bed liner. In addition, a wide range of cargo box options are also available to support your various type of work and maximize your overall comfort.

## LED headlights

Let your Sidekick lead the way with cutting-edge LED headlights that offer improved brightness and visibility—and last longer, too! For even greater brightness, a 4-headlight option is available.

## Half doors and shoulder guards

Half doors on both sides keep out dirt, brush and other unwanted elements. Also new redesigned side bars make it easier to get in and out. Shoulder guards on the ROPS help keep occupants secure during vehicle operation.

## Flat bench seat

The flat bench seat is ergonomically designed to provide hours of working comfort. Providing the appropriate space for both driver and passenger—now that's smart.

## Under-seat storage compartments

Large compartments under the bench seats are ideal for storing tools, tie-downs and personal items.

## Glove box

A large glove box on the passenger side provides quick and convenient access to personal items and frequently used gear. For safety and security, the glove box is equipped with a cover and a key\*. (\*standard on worksite and special edition models only)

## Cup holder

A convenient cup holder keeps your beverage tumbler or travel mug secure and always within reach.

## DC outlet

Charge your phone or other electronic device on the go with a convenient 12V outlet.

# ACCESSORY PACKAGES

## NORDIK PACKAGE

For those looking to use their product year-round, the Nordik package will be sure you are comfortable and set up perfect for Canadian winters. With a full cab and heater along with a Warn VRX Winch, this package is perfect to ensure comfort and multi season versatility.

### Key Accessories

Full Cab w/ Heater    Windshield and Wiper    Warn Winch VRX35    Rear Bumper
