

THE TIMES DIGITAL ARCHIVE 1785–2024

Study one of the world's best-known and most cited newspapers online in its original published context.

“A fascinating and valuable primary source for history, social science research, arts, and humanities courses... Recommended for school, public, academic, and special libraries both for its content and the intuitive [...] interface.”

– Library Journal

SUBJECTS COVERED:

- British and European Studies
- Modern and Contemporary History
- Journalism
- Politics and International Relations
- Social History

“We called this ‘a dream of a database,’ a full-text archive providing access not only to articles from *The Times* but also to advertising and classified ads, editorials, birth and death notices, book reviews, crossword puzzles, letters to the editor, and the Court Page, which details the activities of the royals.” – Booklist

The Times is one of the most cited newspapers in the world and holds immense value as a resource for researchers in diverse subject areas. *The Times Digital Archive* provides access to the full run of one of the world’s most important newspapers, with an unrivalled reputation for covering national and global news.

Through the *Gale Primary Sources* platform, scholars can search across the paper’s entire run for the topics they want, cross-reference them with other newspaper archives published by Gale, and discover trends and stories that open new windows into history, society, and culture.

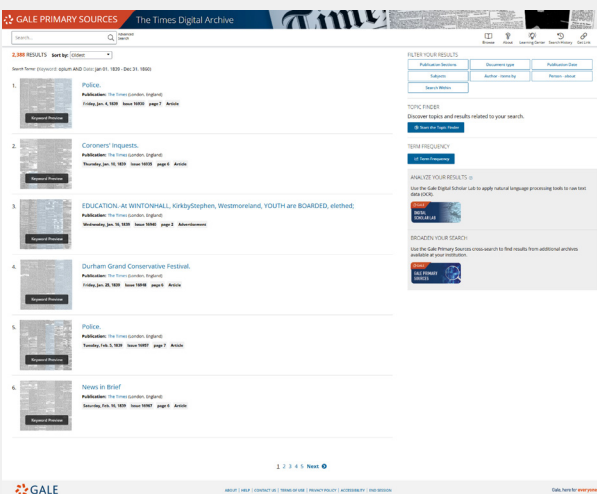

All-new Content

Expand your collection with years 2020 to 2024*, a new add-on that lets you explore many of the modern world’s ongoing issues, including COVID-19, the European Migrant Crisis, the War in Ukraine, the US Capitol Insurrection, and the Black Lives Matter protests.

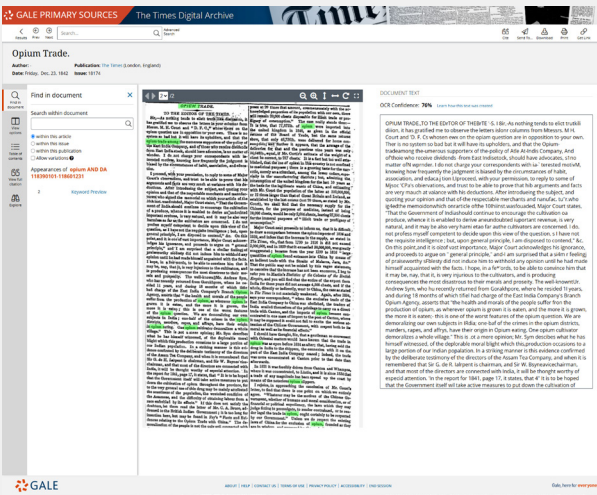

Features and Tools

- See the frequency of search terms within a content set to begin assessing interactions and how they developed over time with the **Term Frequency** tool.
- Develop research topics by identifying and organising frequently occurring themes and revealing hidden relationships between search terms with the **Topic Finder** tool.
- Mine this content within **Gale Digital Scholar Lab**.
- Enhance student instruction with the dedicated **Learning Center**.
- **Cross-search content** from other Gale Primary Sources archives.

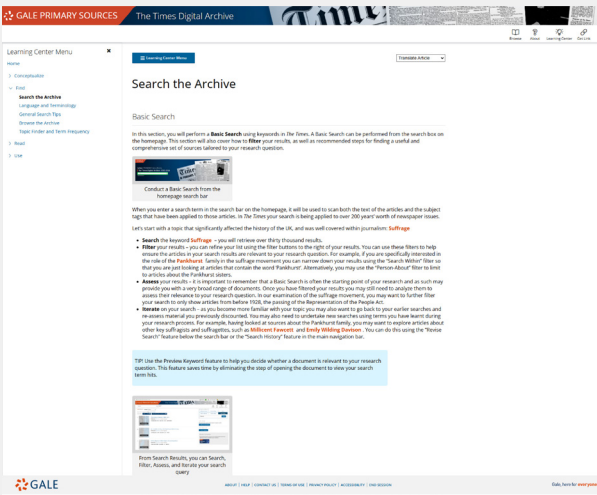

*Customers who purchase this archive after 16th June 2025 will have the full archive from 1785 to 2024. Customers who previously purchased the original archive covering 1785–2019 can buy the 2020–2024 add-on to extend their existing archive. Please note that the module is only available as an add-on to owners of the original archive. It is not available as a standalone purchase.

The search results window for the *The Times Digital Archive*. You can see the Term Frequency and Topic Finder tools on the right.

An article from the *The Times* as it appears in the *Gale Primary Sources* platform, complete with OCR text, citation tools, and explore options.

A snapshot of the archive’s dedicated Learning Center, where you can learn basic and advanced data literacy skills.
