NEW YORK TIMES BESTSELLING AUTHOR

Cotton Malone is on the hunt for a forgotten 16th century Pledge of Christ — a sworn promise made by Pope Julius II that evidences a monetary debt owed by the Vatican, still valid after five centuries, now worth in the trillions of dollars. But

collecting that debt centers around what happened to the famed Medici of Florence — a family that history says died out, without heirs, centuries ago. Two more things also hang in the balance. Who will become the next prime minister of Italy, and who will be the next pope. Finding answers to all three proves difficult until Cotton realizes that everything hinges on when, and if, the Medici return.

So when Olive shows up looking like a million bucks, he has to do a gut and heart check. BLOOD TIES

A NOVEL

Jo Nesbø

NEW YORK TIMES BESTSELLING AUTHOR

By all accounts, Carl and Roy Opgard are doing quite well for themselves. Or at least they're doing as well as can be expected in a small town like Os. Carl manages the area's swanky and successful spa and hotel, while

Roy runs a nearby gas station and harbors grand plans to build it out into an entire amusement park, complete with a roller coaster. But when news breaks about a new highway to be built nearby, bypassing Os and leaving the town cutoff and isolated, it's clear that something has to be done . . . even if the methods are bound to be dirty. Fortunately, Carl and Roy have experience with just that kind of work. Meanwhile, the town sheriff has gotten his hands on new technology that will enable him to take a deeper look at a slate of unsolved murders from years past — including that of his own father. And just as the sheriff reopens his investigation, the death toll begins to climb.

BLACK IN BLUES
HOW A COLOR TELLS THE STORY OF MY PEOPLE

Imani Perry

Throughout history, the concept of Blackness has been remarkably intertwined with another color: blue. In daily life, it is evoked in countless ways. Blue skies and blue water offer hope for that which lies beyond the

current conditions. But blue is also the color of deep melancholy and heartache, echoing Louis Armstrong's question, "What did I do to be so black and blue?" Perry traces both blue and Blackness from their earliest roots to their many embodiments of contemporary culture, drawing deeply from her own life as well as art and history: The dyed indigo cloths of West Africa that were traded for human life in the 16th century. The mixture of awe and aversion in the old-fashioned characterization of dark-skinned people as "Blue Black." The fundamentally American art form of blues music, sitting at the crossroads of pain and pleasure.
