

TURN RESEARCH INTO RESULTS

How your users research is just as important as what they research. While other eBook platforms direct users to title-level results, *Gale eBooks* is designed to cross search all of your eBooks to pinpoint relevant material. The result? They spend less time looking for credible information, and more time diving into it.

Offer your users an award-winning, hassle-free eBook experience—anytime, anywhere, and on any device.

EMPOWER DREAMERS, DOERS, AND CRITICAL THINKERS

ELIMINATE CHECKOUTS OR HOLDS

Allow unlimited simultaneous access with the purchase of just one copy.

OPTIMIZE SEARCH RESULTS

Content is highly findable via detailed indexing, discovery services, MARC records, and through Gale's *InterLink* technology—which connects *Gale OneFile* periodicals to eBook content. Researchers can also search by reading levels or find content based on basic, intermediate, and advanced levels of complexity.

EASILY SHARE LINKS

With *Gale eBooks*, shared links never change and are accessible to non-users. Easily embed content on your website or in printed materials.

CUSTOMIZE YOUR COLLECTION

Gale Admin users have the ability to organize titles within a subject area so the most relevant titles are displayed first. Create custom collections or groupings of titles that align with goals and initiatives.
