Immigration & Checkpoints Authority of Singapore (ICA)

Dear Sir/ Madam,

LETTER OF SUPPORT

This is to inform that the Singapore Tourism Board (STB) is aware of and is supporting ASCO Breakthrough: Gathering the Oncology Community in Asia 2026, which will be held in Singapore from 25 – 27 June 2026, organised by the American Society of Clinical Oncology (ASCO). The conference brings together oncology experts from around the world to share scientific knowledge, including novel research findings, clinical advances, new technologies, and evolving treatment approaches that are transforming cancer care.

We support the organisers' efforts in attracting overseas delegates to Singapore to attend the congress, promoting Singapore as one of the top MICE destinations for business travel and meetings, as well as providing an ideal platform to facilitate cross-collaboration, innovation, and advancement of best practices.

In this regard, we would like to seek your kind assistance and attention in facilitating the American Society of Clinical Oncology (ASCO) and its appointed vendors and parties, in any requests relating to the aforementioned conference.

For avoidance of doubt, STB is not in any manner whatsoever, responsible for or liable for any obligations in respect and in relation to the conference.

Please do not hesitate to contact Elizabeth Yamamoto, Assistant Manager, Americas, at Elizabeth.Yamamoto@stb.gov.sg if further clarification is required.

Thank you.

Yours sincerely,

A handwritten signature in black ink that reads 'Eileen'.

Eileen Lee
