- Safety belt (4-Point or 3-Point)
- Wireless Fleet Management with Boost *

*optional

L|W|H 2020 mm / 1390 mm / 600 mm 200 kg

SINUS TWIN

Uncompromising comfort and excellent handling characteristics: These features have been implemented in the double-seated electric kart as consistently as in all RIMO SINUS models. 60 Ah lithium batteries and 5.6 KW power from the synchronous motors let the passenger curve casual and almost noiseless around all corners. Important: extremely low maintenance, suitable for 2 persons.

SINUS TWIN

Advantages

- RiMO dual-circuit hydraulic brake system
- Roll bar with safety belt for co-pilot
- Shutdown transponder *
- Bodywork design on customers request *
- Wireless Fleet Management *

*optional

from 12.250€

L|W|H 1900 mm / 1530 mm / 600 mm 193 kg

SINUS MINI

from 9.990€

Clean drive, silent, remotely controlled and monitored via WLAN, brings the Sinus Mini everything a kart currently needs.

Important: Maximum safety for drivers from 8 years, body height 140 cm

2 x 2.8 KW | 40 Ah

Advantages

- Adjustable seat *
- Roll bar *
- Shutdown transponder *
- Bodywork design on customers request *
- Safety belt (4-Point or 3-Point)
- Wireless Fleet Management *

*optional

L|W|H 1760 mm / 1280 mm / 860 mm 145 kg

SINUS NANO

The special ergonomics of small children has been considered and tested from the beginning of our development. Maximum safety for the first driving experience has been a major goal for us. The SiNUS NANO can be autonomously operated even on smaller areas, indoor as outdoor: the very small turning radius of 3m and the incredibly easy steering make it possible.

What could be more fun than being able to drive mummy or daddy around, knowing that they can take over the control if necessary?

SIMIS NANO

Advantages

- Handholds for accompanying driver
- Race car steering wheel
- Programmable LED lights
- Horn
- Maintenance-free drive
- Lithium battery
- Coin slot
- Driving direction switch
- Long product life through quality construction

from 4.395€

L|W|H 1500 mm / 900 mm / 550 mm 129 kg
