

## FAQ

# How can students access Fluency Flight on desktops, laptops, and iPads®?

Grades  
**2-5**

## Overview

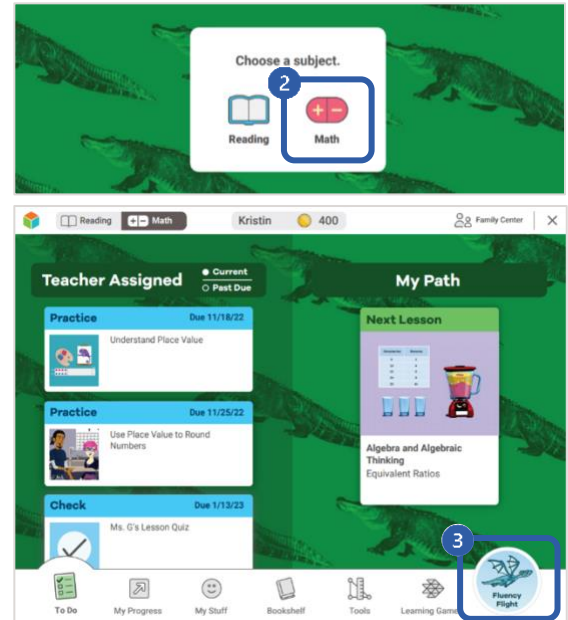

Fluency Flight is available for students using desktop or laptop computers or iPads®. See the information below on how to access this program on different platforms.

### Desktop or laptop computers:

1. Log in at [i-ReadyConnect.com](https://i-ReadyConnect.com) or, for single sign-on (SSO) users, log in through the district's portal to access the student dashboard.
2. If using *i-Ready* for Reading and Mathematics, select **Math** under *Choose a subject*.

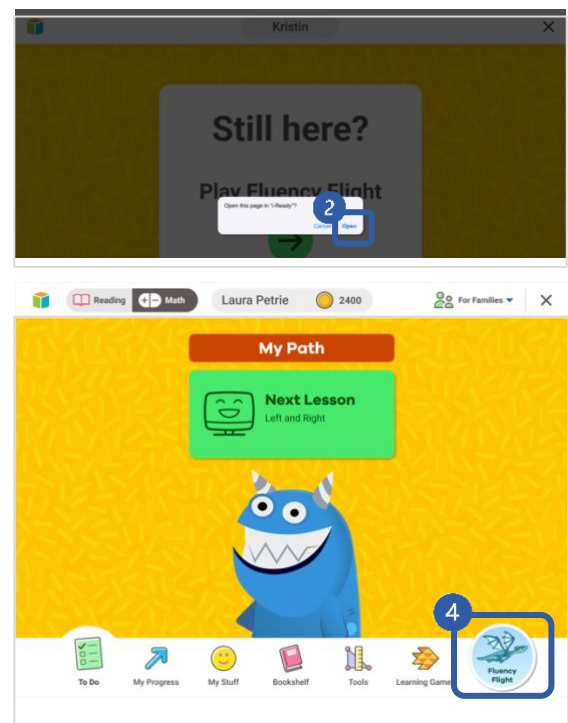

If using *i-Ready* for ONLY Mathematics, students will go directly to their To Do screen (step 3) upon logging in.

3. Click on the **Fluency Flight** button in the bottom right, which will start the student's personalized activities.

### iPads®:

1. If students have not installed the ***i-Ready Connect for Students*** app, it can be downloaded from the App Store®.\*
2. Log in to *i-Ready Connect*™ through the *i-Ready Connect for Students* app.  
*Note:* SSO users should log in to *i-Ready Connect* the way they normally would through their district's SSO portal. Users may encounter a screen that says, "Open this page in *i-Ready*?" and should click **open** to continue.
3. If using *i-Ready* for Reading and Mathematics, select **Math** under *Choose a subject* (not pictured).  
If using *i-Ready* for ONLY Mathematics, students will go directly to their To Do screen (step 4) upon logging in.
4. Click on the **Fluency Flight** button in the bottom right, which will start the student's personalized activities.

\*Note that iPad mini® are not supported, and the *i-Ready Connect for Students* app is not accessible on other tablets or the iPhone®. iPad®, App Store®, iPad Mini®, and iPhone® are registered trademarks of Apple, Inc.
