Copyright and Proprietary Rights

The Digital Products and the content contained therein are the sole property of CA and its licensors and those materials are protected by United States and international copyright laws. All copyright, trademark, and other proprietary rights in the Digital Products and in the software, text, graphics, design elements, audio, music, and all other materials contained in the Digital Products are reserved by CA and its licensors. You may not use the Digital Products in any manner that infringes the proprietary rights of any person or entity.

Use by Federal Government.

The Digital Products constitute Commercial Off the Shelf (“COTS”) items as that term is defined in the U.S. Government Federal Acquisition Regulations (“FAR”). Government use rights are limited to those minimum rights required by the appropriate provisions of the FAR.

Data Collection, Ownership, and Security

In connection with your use of the Digital Products, you will be asked to provide CA with data about your students. You represent and warrant that you have the right to provide CA with all of the data you input into the Digital Products. As your students use the Digital Products, data will be generated about your students’ usage, performance, and progress. Both the information you input and the data generated by your students’ usage will be referred to in these TOU as “Customer Data.” You shall own all right, title, and interest in and to the Customer Data. However, you hereby grant CA a worldwide, royalty-free license to use the Customer Data during the term of your agreement with CA to host and make access to the Digital Products available to you. You also grant CA a worldwide, royalty-free, perpetual license to use the Customer Data in de-identified format only for product development, research, and other purposes. Furthermore, CA agrees not to attempt to re-identify de-identified Customer Data and not to transfer de-identified Customer Data to any third party unless such party agrees not to attempt re-identification.

CA takes the protection of Customer Data, particularly personally identifiable Customer Data, very seriously. CA will not reveal student names, identifiers, or individual assessment results to any third parties. CA will not use any Customer Data to advertise or market to students or parents. For a full description of CA’s data handling policies and procedures, please review Curriculum Associates’ Data Handling Policy and Privacy Statement by clicking here: <https://www.curriculumassociates.com/support/privacy-and-policies/i-ready-data-handling-privacy>.

You are responsible for the integrity and security of your usernames and passwords. Please advise CA immediately if any of your usernames and/or passwords have been compromised.

CA will use commercially reasonable efforts to make the Digital Products available to you 24 hours a day, except for: (a) planned downtime, of which CA will give you reasonable notice where possible, and which CA shall use reasonable efforts to schedule during the hours from 5:00 p.m. Eastern time to 7:00 a.m. Eastern time; or (b) any unavailability caused by circumstances beyond CA's reasonable control, including without limitation, acts of God, acts of government, flood, fire, earthquakes, civil unrest, acts of terror, strikes or other labor problems, or Internet service provider failures or delays.

notice of the claim; (b) gives you sole control of the defense and settlement of the claim; and (c) provides you with reasonable assistance, at your expense, with respect to the defense of such claim.

Choice of Law and Jurisdiction

These TOU shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts, without reference to any conflict of law principles. You hereby submit to the exclusive jurisdiction of the federal and state courts located in the Commonwealth of Massachusetts for any disputes or claims arising out of your use of the Digital Products or these TOU.

Special Terms for i-Ready Classroom Mathematics: Editable Materials

For users of i-Ready Classroom Mathematics, we provide editable versions of select resources ("RCM Editable Materials") through i-Ready Classroom Mathematics Teacher Toolbox. For these RCM Editable Materials, the TOU described above still apply, except that printing, copying, and editing the RCM Editable Materials is permitted. However, you must not remove any copyright notices from the RCM Editable Materials. Curriculum Associates is not responsible for any alterations you make to the RCM Editable Materials, and Curriculum Associates makes no guarantee that the RCM Editable Materials will be of the same high quality or will accurately convey the mathematics concepts found in i-Ready Classroom Mathematics once they have been edited.

Special Terms for i-Ready Classroom Mathematics: Thin Common Cartridge® Customers

For users of i-Ready Classroom Mathematics, we make select content from that program available for your licensed teachers and students as Thin Common Cartridge® ("Thin CC") for use in compliant Learning Management Systems ("LMS"). For this Thin CC content, all of the above-listed TOU apply, except that uploading/distributing the Thin CC files required to enable Thin CC content in your LMS is permitted.

Common Cartridge® is a registered trademark of the IMS Global Learning Consortium, Inc. (www.imsglobal.org).

Special Terms for Teacher Toolbox

These usage terms for Teacher Toolbox are designed to ensure that your students get the most out of the resources inside your Teacher Toolbox while preserving the rigor and integrity of the materials for your students and others.

Because the teacher materials inside Teacher Toolbox include assessments and answers to assignments, we kindly ask that you do not post or share teacher-facing materials from the Teacher Toolbox. Posting answer keys and teacher-facing materials enables students—both in your district and in other districts—to access answers to their assignments and miss out on valuable learning experiences. While our Terms of Use do allow you to post student-facing materials on a password-protected learning management system (LMS), posting of teacher-facing materials is prohibited.

Teacher Toolbox is intended for use by teachers and school administrators only. The PDF files within Teacher Toolbox contain content that is included in CA's proprietary i-Ready Classroom and Ready curriculum materials. These PDFs are provided to you on a limited permission basis. Educators and administrators from schools or districts that have purchased licenses to Teacher Toolbox may download PDFs to their computer for their own reference and may post PDFs of student materials to any of the password-protected learning management systems (LMS) listed below, as long as such LMS can only be accessed by individuals associated with your school or district with a valid username and password. If you post Toolbox materials or content that includes or is based upon Toolbox materials in an LMS that permits content sharing, you must restrict content sharing and usage to licensed users of Teacher Toolbox. *Please note that it is a violation of these Terms of Use to save files in a manner that overrides any security settings.*

Approved LMS platforms:

- Blackboard

- Brightspace
- Buzz by Agilix
- Canvas by Instructure
- Edmodo
- Google Classroom
- ITS Learning
- Microsoft Suite for Education
- Moodle
- Nearpod
- PowerSchool
- Sakai
- Seesaw
- Schoology

An approved LMS platform means that the platform meets CA's security-related requirements to permit the posting of Toolbox materials in it. CA has no affiliation with any of these platforms and does not endorse any particular LMS. CA offers no assurance that our suite of products will function properly when accessed via any approved LMS platform. If you experience any issues using an approved LMS platform then you should contact the organization that manages that particular LMS.

If you would like to upload student-facing Teacher Toolbox materials to an LMS not listed here, please contact your Partner Success Manager.

In limited quantity and for use with your own students, you may print and/or make copies of student and teacher pages from other PDFs on the Teacher Toolbox. Copies of these materials must include all copyright, trademark and other proprietary rights notices contained on the original pages from which the copies were made. You may not print, copy, or share any pages from the Read Aloud Trade Books (available only in the Teacher Toolbox for Reading at Grades K and 1). You also may not share direct links to resources inside the Teacher Toolbox. Except as specified in these Terms of Use, you may not reproduce, upload, post, transmit, download or distribute any part of the Teacher Toolbox content or information.

Google Classroom Assignment.

For districts that use Google Classroom, CA offers educators the ability to easily assign certain student-facing content to their students through Google Classroom. If an educator elects to utilize this feature, their use remains subject to these Terms of Use and the relevant provisions of CA's data handling policies and procedures that pertain to the Opt-In Google Classroom Assignment Feature, which can be found through the link above. CA's materials that are made available in Google Classroom may only be shared with your students and educators, and those materials may not otherwise be reproduced, uploaded, posted, transmitted, downloaded, or distributed outside of your organization.
