

Assess Less, Know More

One Powerful Program for Assessment, Data Collection, and Instruction

i-Ready is a complete system designed to meet your district's needs for actionable insights and engaging instruction. At the center of this powerful suite is the *i-Ready Diagnostic*, an adaptive assessment for Grades K–12 that pinpoints the standards-aligned Reading and Mathematics content students are most ready to learn.

Take a Tour of *i-Ready*
at [i-Ready.com/Tour](https://www.i-ready.com/Tour).

Assessment *for* Learning, Not *of* Learning

What is the first step to delivering effective instruction?

The first step is having a deep understanding of the level at which each learner is performing. That's why *i-Ready* begins with the Diagnostic: to help teachers make impactful instructional decisions. *i-Ready* is the only fully integrated platform that uniquely unifies assessment and instruction combined with unparalleled service to positively impact student learning.

With the powerful tools and data available in *i-Ready*, teachers and administrators can:

Accelerate achievement by accelerating grade-level learning.

i-Ready Standards Mastery

Provides immediate insight into student performance on key grade-level academic standards

Prerequisites Report for Mathematics

Identifies the critical mathematics skills students in Grades 1–8 need to be prepared for grade-level learning and provides recommended resources for use during instruction

Grade-Level Scaffolding Report for Reading

Identifies the critical reading skills students in Grades 3–8 need to be prepared for grade-level learning and provides recommended resources for use during instruction

Deliver instruction that inspires and fosters academic growth.

Typical Growth and Stretch Growth Models

Monitor Typical Growth and Stretch Growth goals for each student throughout the year, and quickly assess with *i-Ready* Growth Monitoring to adjust lessons based on student progress.

Literacy Tasks

Support benchmarking and progress monitoring while helping teachers identify the resources that will best help students grow in key literacy skills, such as fluency.

Ensure every learner is supported by building data-driven classrooms with measures that matter.

Normative and Criterion-Referenced Data

Informs and equips teachers with actionable data showing exactly where each student is, including criterion-referenced grade-level placements, national norms, Lexiles®, Quantiles®, and growth measures

Projected Proficiency

Provides early insight into students' potential success on state assessments

Drive impactful teaching and learning, and address learning gaps in the moment.

Tools for Instruction

Provide teachers with personalized next steps for each student and teacher-led lesson plans that target the precise skills each student needs to learn

Personalized Instruction

Delivers tailored online lessons to students based on insights from the *i-Ready Diagnostic*
