

wh

Articulation Consonant Digraph /wh/ (wh)

To make the sound /wh/:

- Push out your lips to make a tight circle like you are going to blow out a candle.
- Hold the back of your tongue toward the back of your mouth.
- Now use your voice to push the air out between your lips.
- Place your fingers on your throat and say the sound again. Do you feel your throat vibrate? (Yes.)

Exemplar Words
