

Daily Learning Reflection

Encourage your student to reflect on their strengths, areas for growth, and any lingering questions using one or more of these Daily Learning Reflections.

Version A

[2](#)

Two Prompts

Recommended for early elementary grades

Students record the date, what they learned, and any questions they may have.

Version B

[3](#)

Three Prompts, Including Learning Objective

Recommended for late elementary grades

Students record the date, what the lesson was about, what they learned, and any questions they may have.

Version C

[4](#)

Three Prompts, Including Learning Objective

Recommended for middle school grades

Students record the date, what the lesson was about, what they learned, any questions they may have, and how the lesson helped them achieve their learning goals.

Get Your Student Talking

You can use these conversation starters, along with the questions listed on the Daily Learning Reflection, to motivate your student to talk about their math lesson:

- What is one thing you did well today?
- What is one thing you want to improve next time?
- What was one strategy you learned today? Can you teach it to me?
- Was there a math problem that was challenging for you? What did you do to work through it?
