Welcome

There were new kids coming to our class. Ms. Perkins asked
11 us to think of ways to welcome our new classmates, so my
23 friends and I started thinking. What if we made a film about
35 where the school is and all that surrounds it? That would help
47 new kids feel welcome.
51 That day, we met at my house to plan our film. We made
64 a list of the best spots to show. Then we went out to scout the
79 spots. We filmed the park south of the school. We filmed the
91 club for boys and girls. We filmed the store that sells popcorn
103 and other snacks. We filmed the discount store selling games.
113 We filmed the closest subway stop, showing where the steps
123 went underground.
125 After we finished filming, we added sound and the film's
135 name: "Welcome to Our School." We are proud of our film.
146 We think it will help the new kids feel welcome.
