

kn

Articulation Consonant /nnn/ (kn)

To make the sound /nnn/:

- First, press the front of your tongue against the top of your mouth and behind your top front teeth.
- Next, breathe out of your nose and turn on your voice.
- Then, feel the air flow out the front of your mouth as the tip of your tongue slightly vibrates.
- Place your fingers on your throat and say the sound again. Do you feel your throat vibrate? (Yes.)
