

Grade 7 • Self Checks

UNIT 1 Rational Number Computation

In This Unit You will identify and understand the differences between rational numbers, integers, and whole numbers. You will also add, subtract, multiply, and divide with rational numbers.

✓ Self Check

Before starting this unit, check off the skills you know below. As you complete each lesson, see how many more you can check off!

I can:	Before this unit	After this unit
identify rational numbers, integers, and whole numbers	<input type="checkbox"/>	<input type="checkbox"/>
add and subtract rational numbers, for example: $-2.5 + 3.8 = 1.3$	<input type="checkbox"/>	<input type="checkbox"/>
multiply and divide rational numbers, for example: $-\frac{1}{4} \div \frac{1}{3} = -\frac{3}{4}$	<input type="checkbox"/>	<input type="checkbox"/>
solve word problems with rational numbers	<input type="checkbox"/>	<input type="checkbox"/>
