

# Thoughtful and Intentional Literacy Solutions

Research has proven that the most effective literacy instruction is driven by evidence-based approaches. That's why *i-Ready* literacy programs are based in the Science of Reading research and provide systematic, explicit instruction and clarity on the concrete steps necessary for progression across increasingly complex skills and strategies. Just as *i-Ready* data drives growth for millions of students every day, instruction based in the Science of Reading is at work in *i-Ready* literacy programs building proficient readers and writers.

**Each aspect of our literacy programs—the Science of Reading-based instruction, decisions backed by data, knowledge-building text sets, lessons scaffolded toward grade-level proficiency, and embedded professional learning—helps you deliver first-rate instruction. Everything in every literacy program at Curriculum Associates is directed toward building the best possible future for every student.**

## i-Ready Literacy Portfolio

# Magnetic Foundations™

Move Grades K–2 students from foundational skills to reading fluency with systematic, explicit instruction aligned to the Science of Reading. *Magnetic Foundations* provides age-appropriate learning opportunities to ensure all students are engaged and have access to the right content at the right time.

Now available in Spanish!

**High-quality decodable texts feature a variety of literary and informational texts to solidify crucial foundational skills—and draw young readers into grade-level learning. Plus, teachers can draw from extensive data to make important instructional decisions.**

- ✓ Systematic, explicit instruction
- ✓ Foundational skills development
- ✓ Purposeful practice
- ✓ Data driven
- ✓ High-quality decodable texts
- ✓ Embedded English Learner supports
- ✓ Digital Access through the Teacher Toolbox

**Perfect Scores on EdReports**

# Magnetic

## Comprehension™

Help Grades 3–5 students build confidence and master essential reading skills. Aligned to the Science of Reading, *Magnetic Comprehension* provides lively classroom discourse and culturally rich, engaging texts that honor the experiences of all learners. Each lesson includes three different but conceptually related texts that provide opportunities for students to apply the skills taught in each lesson.

**Specific scaffolds support learner variability and make the complex, grade-level texts accessible for everyone.**

- ✓ Purposeful practice
- ✓ Data driven
- ✓ Knowledge-building texts
- ✓ Scaffolds to support grade-level reading
- ✓ Embedded English Learner supports

# Ready® | Writing <sup>Grades</sup> 2-5

*Ready Writing* makes writing from sources the center of learning in all writing types—opinion, informative/explanatory, and narrative. By interweaving all writing standards with grade-level science and social studies themes, *Ready Writing* supports every student in learning to use writing as a tool for thinking and clearly communicating knowledge.

- ✓ Produce real-world writing with authentic tasks, audience, and purpose.
- ✓ Build knowledge through research.
- ✓ Write to sources.
- ✓ Use text-based evidence.
- ✓ Embedded English Learner supports

# Phonics for Reading®

## Grades 3–12

It's never too late to learn to read.

Authored by literacy expert Dr. Anita Archer, *Phonics for Reading* provides students in Grades 3–12 the critical foundational skills they need to become fluent and independent readers. An explicit and systematic intervention program, rooted in the Science of Reading, *Phonics for Reading* provides intensive intervention in phonics and phonemic awareness with support for comprehension, vocabulary, and fluency.

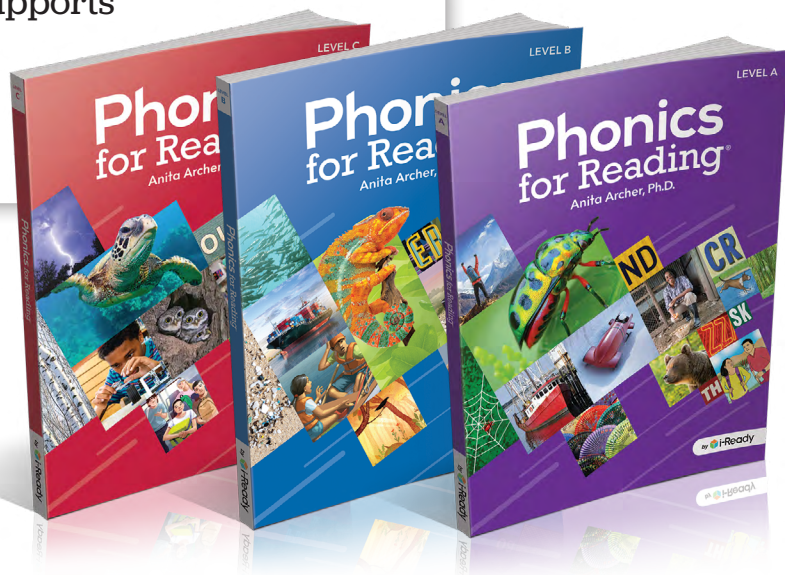

**Accelerating learning with a skill sequencing designed for striving readers and content and pacing that appeals to older learners, each level features consistent teaching routines, repeated practice, and immediate corrective feedback. Use one, two, or all three levels to help striving readers learn to decode.**

- ✓ Systematic, explicit instruction
- ✓ Foundational skills development
- ✓ Purposeful practice
- ✓ Data driven
- ✓ Embedded English Learner supports
- ✓ Digital Access through the Teacher Toolbox

## Teacher Toolbox

Integrated with *i-Ready* to provide data-driven instruction, this digital collection of standards-based resources helps teachers introduce new concepts, reteach standards, and help students learn prerequisite skills from earlier grades.

The Teacher Toolbox provides access to all *Magnetic Comprehension*, *Ready Reading*, and *Ready Writing* resources in one convenient location.

## Personalized Instruction

Designed to complement teacher-led instruction, *i-Ready Personalized Instruction* for Grades K–8 provides adaptive and interactive digital lessons in Foundational Skills, Comprehension, and Vocabulary to reinforce critical standards on their path to skilled reading.

New for middle school, *i-Ready Pro's* Essential Lessons provide efficient and focused intervention lessons for students in Grades 6–8 who need support with foundational reading skills.

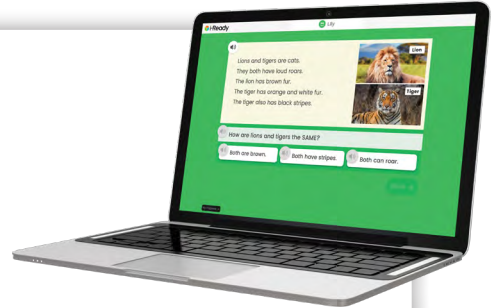

And for Grades K–5 Spanish-speaking students, Teacher-Assigned Spanish Reading lessons provide the opportunity to develop critical literacy skills in their home language on their pathway toward reading proficiency.

# Connect to i-Ready® Assessment

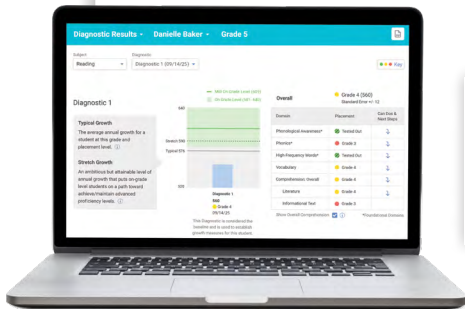

1

Students take the *i-Ready Diagnostic for Reading* and *i-Ready Evaluación Diagnóstica de lectura en español*—online adaptive tests that assess Grades K–12 skills and growth.

2

Data from the Diagnostic provides you with a complete picture of student performance.

3

Use *i-Ready* materials to accelerate each student's individual growth.

Follow us to see how other educators are maximizing their experience to personalize learning and accelerate growth.
