The Research Path Writing from Sources

Start here on the path to gather evidence from sources!

Sources

READ Your Sources

Find out what the sources are about and what you can learn from them.

Reread as a Writer

Read as a

Reader

Use your mark-up strategy to identify important details in the sources.

©Curriculum Associates, LLC

REVIEW Your Assignment

Reread your task to identify the types of details you will need to include in your writing.

THINK It Through

Think about how the information in your sources connects to your writing assignment.

Need more information?

公

Text Evidence

FIND Text Evidence

Learn how to mark important details so you can find them quickly later on.

ORGANIZE Your Evidence

Use a chart to group your ideas and supporting evidence so that you're ready to write.

Now you're ready to write!
