21 picked weeds from the garden. The garden plants kept
30 growing and growing.

33 After weeks and weeks had passed, it was time to start
44 the harvest. The garden plants were all set to be picked
55 and eaten. Lars got a sharp blade and a big cart. But when
68 Lars went into the garden, the beans and peas were
78 missing! There were big bites in the dark red beets.

88 Just then, Lars saw a rabbit dart from the garden. Lars
99 sighed. It seemed that rabbits had eaten his garden plants.
109 There would not be a harvest this time. Lars would have
120 to try for a **new** garden next spring. It would be smart
132 to set up nets on the plants. That would keep the rabbits
