The Fledgling

10 Roxann enjoyed being a park ranger because there were new
11 things to see every day. Today, Roxann was walking at a spot
12 where two paths merged under large trees. She saw a strange
13 little thing by one of the paths. What was it? Roxann leaned
14 down to look more closely and saw that it was a very little bird.

15 Roxann had an urge to pick up the little bird but knew she
16 should not. She could not tell the bird's exact age. But she did
17 know it was a fledgling, which is a little bird that has just left its
18 nest. At this stage, the fledgling had **feathers** and it started to
19 hop. It wanted to fly.

20 The little bird was not in any danger. Its mom and dad would
21 keep checking on it, and so would Roxann in the days to come.
22 She would check on the little bird until it could fly.
