

Population Science Management

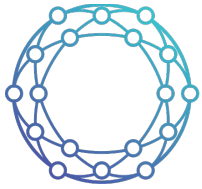

This analysis cross-references the Livelihood (Kroger Elite Impact) generic drug list against the full Thrive (BCBS Nebraska) Prescription Drug List to identify which medications members are likely to retain, gain, or need to verify.

Drug (Livelihood Generic List)	Restriction Flags (Livelihood)	Comparison Status	Notes / Recommended Action
acetaminophen-codeine	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
acyclovir	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
AJOVY SYRINGE	PA	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
albuterol sulfate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
albuterol sulfate hfa	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

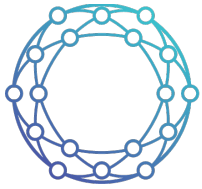

Population Science Management

alendronate sodium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
allopurinol	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
alprazolam	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
amitriptyline hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
amlodipine besylate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
amoxicillin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
amoxicillin-clavulanate potass	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
aripiprazole	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

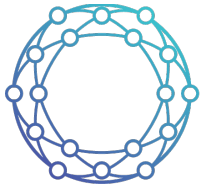

Population Science Management

atenolol	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
atomoxetine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
atorvastatin calcium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
azelastine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
azithromycin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
baclofen	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
benzonatate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
brompheniramine-pseudoephed-dm	—	Found, Previously Non-Covered (NC) in Thrive	Found in Thrive as 'pseudoephed-bromphen-dm' and marked Non-Covered (NC). This appears on the Livelihood generic list, suggesting coverage may improve for members on this medication — confirm tier with PE.

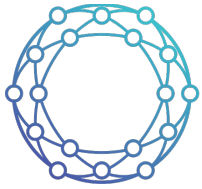

Population Science Management

budesonide	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
budesonide-formoterol fumarate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
buprenorphine-naloxone	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
bupropion hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
bupropion hcl sr	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
bupropion xl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
buspirone hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
carvedilol	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

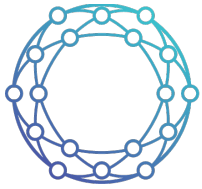

Population Science Management

cefazolin sodium	SP	Not Found in Thrive — Verify	Not identified anywhere in the Thrive PDL text (146 pages). No prior coverage record found — verify with PE/pharmacy team before communicating to members.
cefdinir	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
celecoxib	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
cephalexin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
chlorhexidine gluconate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
chlorthalidone	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
ciprofloxacin hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
citalopram hbr	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

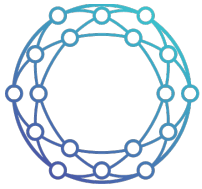

Population Science Management

clindamycin hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
clindamycin phosphate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
clobetasol propionate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
clonazepam	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
clonidine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
clopidogrel	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
cyanocobalamin injection	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
cyclobenzaprine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

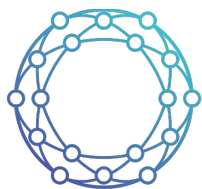

Population Science Management

dapagliflozin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
dapagliflozin-metformin er	—	Not Found in Thrive — Verify	Individual ingredient dapagliflozin appears in Thrive, but the combination product was not found. Likely a new addition under Livelihood — verify with PE.
desvenlafaxine succinate er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
dexamethasone	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
dexmethylphenidate hcl er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
dextroamphetamine-amphet er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
dextroamphetamine- amphetamine	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
diazepam	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

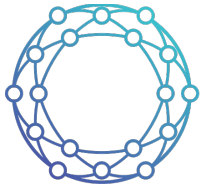

Population Science Management

diclofenac sodium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
dicyclomine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
diltiazem 24hr er (cd)	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
divalproex sodium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
doxycycline hyclate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
doxycycline monohydrate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
duloxetine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
eltrombopag olamine	PA, SP	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

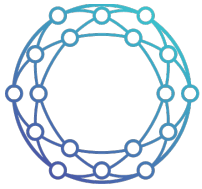

Population Science Management

enoxaparin sodium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
epinephrine	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
erythromycin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
escitalopram oxalate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
esomeprazole magnesium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
estradiol	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
estradiol (twice weekly)	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
ezetimibe	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

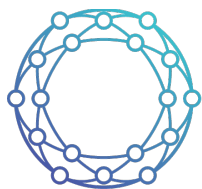

Population Science Management

famotidine	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
fenofibrate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
fentanyl	PA	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
finasteride	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
fluconazole	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
fluoxetine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
fluticasone propionate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
fluticasone propionate hfa	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

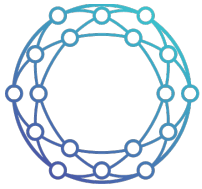

Population Science Management

fluticasone-salmeterol	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
folic acid	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
furosemide	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
gabapentin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
glimepiride	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
glipizide	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
glipizide er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
GRASTEK	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

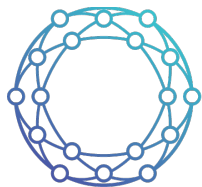

Population Science Management

guanfacine hcl er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
haloperidol	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
haloperidol lactate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
hydralazine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
hydrochlorothiazide	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
hydrocodone-acetaminophen	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
hydrocortisone	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
hydromorphone hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

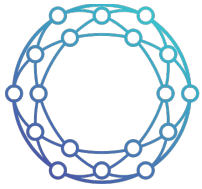

Population Science Management

hydroxychloroquine sulfate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
hydroxyzine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
hydroxyzine pamoate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
hyoscyamine sulfate	—	Not Found in Thrive — Verify	Not identified anywhere in the Thrive PDL text. No prior coverage record found — verify before communicating to members.
ibuprofen	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
insulin glargine-yfgn	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
insulin lispro	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
insulin lispro kwikpen u-100	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

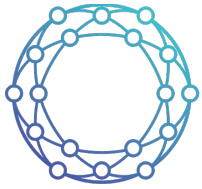

Population Science Management

ipratropium bromide	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
ipratropium-albuterol	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
ketoconazole	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
ketorolac tromethamine	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
labetalol hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
lactulose	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
lamotrigine	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
latanoprost	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

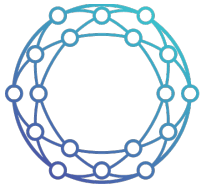

Population Science Management

levetiracetam	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
levocetirizine dihydrochloride	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
levofloxacin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
levothyroxine sodium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
lidocaine	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
liothyronine sodium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
liraglutide	PA	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
lisdexamfetamine dimesylate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

Population Science Management

lisinopril	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
lisinopril-hydrochlorothiazide	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
lorazepam	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
losartan potassium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
losartan-hydrochlorothiazide	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
loteprednol drops	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
meclizine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
medroxyprogesterone acetate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

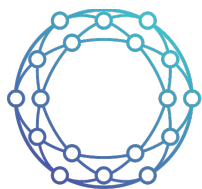

Population Science Management

meloxicam	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
mesalamine ER	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
metformin hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
metformin hcl er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
methocarbamol	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
methotrexate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
methylphenidate er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
methylphenidate hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

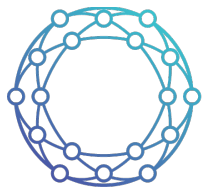

Population Science Management

methylprednisolone	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
metoprolol succinate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
metoprolol tartrate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
metronidazole	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
milnacipran hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
mirabegron er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
mirtazapine	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
montelukast sodium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

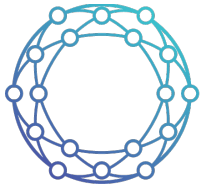

Population Science Management

morphine sulfate	PA	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
morphine sulfate er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
mupirocin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
naltrexone hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
naproxen	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
nifedipine er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
nilotinib	PA	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
nintedanib	SP	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

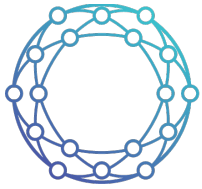

Population Science Management

nitrofurantoin mono-macro	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
normal saline flush	—	Not Found in Thrive — Verify	Not identified anywhere in the Thrive PDL text under this naming. May be listed under a different device/supply description in Thrive — verify.
nortriptyline hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
np thyroid	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
nystatin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
ofloxacin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
olanzapine	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
olmesartan medoxomil	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

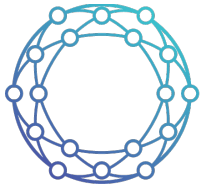

Population Science Management

omeprazole	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
ondansetron hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
ondansetron odt	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
oseltamivir phosphate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
oxcarbazepine	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
oxybutynin chloride er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
oxycodone hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
oxycodone ER	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

Population Science Management

oxycodone-acetaminophen	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
pantoprazole sodium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
paroxetine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
phenazopyridine hcl	—	Not Found in Thrive — Verify	Not identified anywhere in the Thrive PDL text. No prior coverage record found — verify before communicating to members.
phentermine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
phenylephrine hcl-0.9% nacl	SP	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
pioglitazone hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
potassium chloride	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

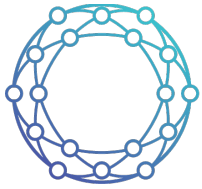

Population Science Management

pravastatin sodium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
prazosin hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
prednisolone acetate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
prednisone	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
pregabalin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
progesterone	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
promethazine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
promethazine-dm	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

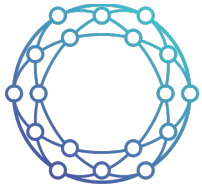

Population Science Management

propranolol hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
propranolol hcl er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
quetiapine fumarate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
risperidone	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
rizatriptan	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
ropinirole hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
rosuvastatin calcium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
sacubitril-valsartan	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

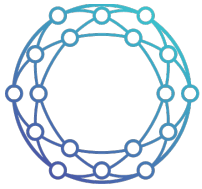

Population Science Management

sertraline hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
sildenafil citrate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
simvastatin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
sitagliptin	ST	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
sitagliptin-metformin	ST	Found, Previously Non-Covered (NC) in Thrive	Found in Thrive marked Non-Covered (NC). Livelihood lists it with a Step Therapy [ST] requirement, suggesting coverage may improve (with conditions) — confirm tier and step therapy criteria with PE.
spironolactone	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
sucralfate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
sulfamethoxazole-trimethoprim	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

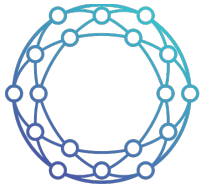

Population Science Management

sumatriptan succinate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
tacrolimus	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
tadalafil	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
tamsulosin hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
testosterone cypionate	PA	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
tiotropium br	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
tizanidine hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
topiramate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.

Population Science Management

tramadol hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
trazodone hcl	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
tretinoin	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
triamcinolone acetonide	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
triamterene-hydrochlorothiazid	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
valacyclovir	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
valsartan	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
VANISHPOINT INSULIN SYRINGE	—	Not Found in Thrive — Verify	Not identified anywhere in the Thrive PDL text (device/supply item). Verify against Thrive's supply list separately.

Population Science Management

venlafaxine hcl er	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
vitamin d2	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
warfarin sodium	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
zolpidem tartrate	—	Confirmed in Both Formularies	Active ingredient identified in both the Thrive PDL and the Livelihood generic list. Continuity of coverage expected; final tier/copay may differ.
