Supertank All-in-One

Business

The high-speed, high-volume
Cartridge-Free business printer for
professional-quality prints.

Save a ridiculous amount on ink¹ with revolutionary Cartridge-Free printing — save up to 80 percent with low-cost replacement ink bottles vs. standard-capacity color laser toner cartridges¹

Built for speed — up to 17 black/9.5 color ISO ppm print speed[†]; no warmup time; fast first page out

Professional-quality color prints — Epson DURABrite® ET pigment inks for crisp, vibrant prints in black-and-white and color; borderless prints up to 8.5" x 11"

Engineered for high-volume business environments — reliability you can count on with a 2-year limited warranty with registration²; PrecisionCore® permanent printhead designed to last the life of the printer

Less waste — zero-cartridge waste with high-yield ink bottles

Bonus Black ink bottle included — get up to 7,500 additional pages black³ right out of the box; plus, get up to 7,500 pages black/6,000 color³ with each replacement set of bottles you purchase

Get more done with powerful productivity features — auto 2-sided printing, 250-sheet paper tray, 2.4" color touchscreen, Ethernet, ADF, face-down output

Easy control from your mobile device — the Epson Smart Panel® app⁴ lets you set up, operate and monitor your printer using your mobile device

Compact, space-saving design, plus exclusive EcoFit® ink bottles — uniquely keyed bottles for easy filling of each color; auto start/stop design

Security features and easy connectivity — full suite of embedded features protects your data; connect wirelessly with Wi-Fi Direct®⁵; also features voice-activated printing⁶

Use genuine Epson ink — for optimal print quality and performance. Non-genuine ink could cause damage not covered by the printer's limited warranty

1 Actual savings and costs will vary considerably based on print tasks, print volumes and usage conditions. Savings and cost per ISO page are based on the cost of replacement ink bottles and the cost of enough standard-capacity color laser toner cartridges to achieve the total page yields of the ink bottles using the manufacturers' online prices and yields for the best-selling similarly featured color laser printers, available at retail, with speeds of 40 ppm or less per industry-available data as of July 2024. Savings of up to 65% (USD) for XL-capacity color laser toner cartridges based on the same methodology. | 2 12 months of standard limited warranty or 80,000 plain paper sheets (whichever happens first). For an additional 12-month extended service plan (total of 24 months or 80,000 plain paper sheets, whichever happens first), register your product and use Epson genuine ink bottles. See Limited Warranty for details. | 3 Part of the ink from the included bottles is used for initial setup; yields are lower than those of replacement ink bottles. Replacement and included ink bottle yields based on the ISO/IEC 24712 pattern with Epson's methodology. Actual ink yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors must be available for printing. For more information, visit epson.com/inkinfo | 4 Requires Smart Panel app download. Data usage fees may apply. | 5 Wi-Fi CERTIFIED®; level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software. | 6 Epson Connect account and voice-activated account registration required. See epson.com/voice for device compatibility. | 7 FPOT is measured on letter-size paper in accordance with ISO/IEC 17629. | 8 Monthly duty cycle up to 33,000 is the highest duty a user could expect in a month, based on near-constant operation of a device of this kind. It is not recommended that the device be run at this duty. For best device performance, run the device at the recommended duty of up to 1,600 pages per month | 9 Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. For a list of Epson Connect enabled printers and compatible devices and apps, visit epson.com/connect | 10 Requires an Internet connection, a free Epson Connect account and a destination email address or cloud storage account.
