

SureColor® F370

Dye-Sublimation Printer

The purpose-built dye-sub print solution for easy, high-quality results right from the start.

Purpose-built for sublimation success — engineered for predictable color, consistent transfers and dependable performance

Go big with 13" x 19" sublimation power — produce high-value items like shirts, towels, cutting boards and photo panels to help your business grow

Print from practically any device — wireless, USB, Wi-Fi Direct® and mobile printing¹ keep the workflow simple and fast

Create with confidence using genuine Epson inks — delivers vibrant, durable colors with reliable performance and low printing costs

Flexible media handling for real production work — auto-switching 150-sheet 8.5" cassette and 15-sheet 13" x 19" tray keep jobs flowing effortlessly

Hit the ground running, even if you're new — guided touchscreen setup and intuitive operation help creators produce sellable results

Small footprint, serious output — fits into tight home studios while producing the quality customers are willing to pay for

Transfer paper modes for stunning results — optimized settings deliver crisp, vibrant prints on fabrics and hard goods for pro-level creator results

Backed by Epson for real peace of mind — includes a 1-year limited warranty and accessible technical support

Epson strongly recommends the use of genuine ink to ensure optimal print quality and performance.*

Print

Printing Technology PrecisionCore® Micro TFP® 4-channel, drop-on-demand printhead
Ink Type Epson Genuine T49M Ink Bottles; 4-color (C, M, Y, K)
Nozzle Configuration 784 nozzles; 400 nozzles Black, 128 nozzles x Cyan, Magenta and Yellow
Droplet Technology Variable-Sized Droplet Technology
Maximum Resolution 1200 x 600 dpi

Ink²

In-Box Bottle Fill Volume
 C, M, Y, K: 140 mL each
Retail Bottle Fill Volume
 C, M, Y, K: 140 mL
Ink Bottle Shelf Life 2 years from printed production date or 6 months after opened
 Epson strongly recommends the use of genuine ink to ensure optimal print quality and performance*.

Sheet Media Handling

Maximum Paper Size 13" x 47.2"
Left and Right Margins 3 mm each (0.24" total)
Paper Sizes A6, Half Letter, A4, Executive, Legal, user definable (3.5" x 5" – 13" x 47.2")

Limited Warranty and Service

Warranty 1-year limited in the U.S. and Canada
Service Whole Unit Exchange, usually Next-Business-Day;
 free telephone support, Monday through Friday

ECO PASSPORT by OEKO-TEX is a system by which textile chemical suppliers demonstrate that their product can be used in a sustainable textile production. Epson dye-sublimation ink is certified by the ECO PASSPORT. This is an international safety standard in the textile industry. It is certified to be safe for adults and children, including babies.

* Epson strongly recommends the use of genuine ink to ensure optimal print quality and performance. Use of non-genuine ink may cause damage not covered by the printer's limited warranty.

1 Most features require a network connection to the printer, as well as a network connected device. | **2** Part of the ink from the first bottles is used for initializing the printer. Ink usage will vary considerably based on images printed, print settings, paper type, frequency of use, temperature and humidity. Variance may be more pronounced when printing infrequently or predominantly with one ink color. Ink is used for printing and printer maintenance, and all colors must be available for printing. For print quality, a variable amount of ink remains after the "replace ink" indicator comes on. | **3** Wi-Fi CERTIFIED®; level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software. | **4** For the latest drivers, visit epson.com/support | **5** For convenient and reasonable recycling options, visit epson.com/recycle | **6** SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
