

FAQ

How do I describe JUST Egg?

Made entirely from plants, JUST Egg is packed with clean, sustainable protein and has zero cholesterol. JUST Egg makes the most decadent quiches of your life, the most perfect scrambles and immediately elevates any breakfast sandwich. Because it's made from plants JUST Egg is also better for our own health and for the planet. We call that a win-win.

How do I describe JUST Egg Folded?

Giving "eggs over easy" a whole new meaning. We made these plant-based eggs incredibly easy. Just pop a JUST Egg Folded in the toaster, and then get ready in a couple minutes to elevate your breakfast sandwich with that fluffy, eggy goodness. Eating well never tasted so good.

Why has Eat Just partnered with Michael Foods?

We're proud to announce that Michael Foods, a subsidiary of Post Holdings and the largest supplier of eggs to restaurants and other foodservice locations (e.g., schools, stadiums, hospitals, large chains) will be manufacturing and distributing JUST Egg in the United States.

Michael Foods has 14 manufacturing facilities across the country, an unrivaled sales and distribution infrastructure, and is a company committed to innovation. We think our partnership will serve as a model for how young companies and 100-year-old companies can combine the best of themselves to build a food system that we'll be proud to leave to our great-grandkids.

What is JUST Egg made of?

The primary ingredient is the mung bean, a 4,000-year-old legume consumed all over the world.
