

Really good eggs, from plants.

The world's simplest and most transformational food, now reimagined with plants. JUST Egg Folded requires less land, water, and carbon emissions than conventional eggs with zero cholesterol and 7g of protein. We created the perfect fold in a convenient grab n' go format, simply pop in a toaster, oven, microwave, or skillet.

JUST Egg Folded

Eggs reimagined

The fastest-growing egg brand in the U.S. is made from plants (not chickens).

Category growth

The U.S. plant-based category overall grew 27% in 2020, with plant-based eggs driving the most growth at 168%.

Demand

24% of breakfast consumers say they would like to see more plant-based options available at restaurants.

Our impact

5.8 billion gallons of water saved
23.1 million kgs of CO₂e emissions avoided
9,447 acres of land use avoided
(based on 160 million egg equivalents sold)
