

Really good eggs, from plants.

New box, same delicious eggs.

We're going bold with our new box because, well, we decided a plain white box was kind of boring. So we're pumping up the volume in the frozen section with our bright, bold and new yellow packaging for JUST Egg™ Folded. We call it "The-Best-Eggs-Of-Your-Life" yellow. Don't worry. We didn't change what's inside the box; we're just switching up our color palette a bit. Because let's face it: You really do judge an egg by its cover.
