

Really good eggs, from plants.

We love eggs. We love the way they scramble, the way they fluff, the way they taste better when they're made from plants. Yes, we said it, and we'll say it again: The best eggs come from plants. JUST Egg™ is a plant-based egg that's better for the planet, for our bodies and for the birds, too. Use it to make pillowy omelettes, delicious French toast and the best scramble you've ever had.
