

NE360H Case for Zebra TC20 with Verifone E285
CT3079

inVUE[®]

Rev0 10.16.2020

CT3079 Installation

- 1 Slide the Verifone E285 into the side of the case with the USB-C connector.

- 2 Ensure that the E285 is fully seated on the USB-C connector.

- 3 Ensure that the case fits around the E285 as shown.

- 4 Plug the included connector into the Zebra TC20.

- 5 Ensure that the tabs on the connector snap into the slot on the TC20.

- 6 Slide the TC20 into the case.

- 7a To remove the E285, pull back the case and apply pressure to the back of the device.

- 7b Push the E285 off of the power connector.
