

# Enhance customer service and increase sales.

Smart Lock Universal Locks can be installed in seconds on glass bypass doors. No tools are required. Smart Lock is the first electronic lock and key system designed to deliver superior security protection for items merchandised or inventoried inside cabinets. The operational efficiency, improved customer service and speed to check out makes Smart Lock the perfect locked cabinet solution.

- › Sales associates are empowered to access locked display cabinets, delivering a more timely response to customers
- › Enhanced interaction with customers will result in increased sales
- › Part of the IR Ecosystem, a one key solution to storewide security.

### FEATURES AND BENEFITS

- › Designed for glass bypass doors
  - Universal Lock: For panel gap 8 mm – 11 mm (0.3” – 0.5”)
  - Universal Lock II: For panel gap 4.5 mm – 8 mm (0.2” – 0.3”)
- › Easy to install, use and maintain – no drilling or tools required
- › No re-keying of locks when keys are lost, broken or stolen
- › Lock Status Indicator provides visual confirmation that lock is locked or unlocked
