

Specialty Retail

Mobile Point of Sale Solutions

FLEXIBLE DESIGN

Combine any handheld or tablet device, any payment device, and any operating system to create the mPOS system you need.

FULLY MOBILE

Integrated charging and USB connectivity enable complete mobility and transactions to keep teams running at full speed.

SLEEK & DURABLE

Sleek, compact design with a 4ft. (1.2m) drop rate protection against daily wear and rugged use.

GO FURTHER WITH INVUE'S NE360 mPOS SYSTEM

InVue's NE360 mPOS system empowers retailers to prioritize the customer experience without the common disruptions of traditional POS systems. Provide customers in-aisle support, check inventory, process transactions anywhere, and more.

Register Replacement

Operational Mobility

Faster Transactions

Customized Experiences

We've spent millions of dollars on failed mobile point of sale initiatives. InVue's solution is a significant success – we have had no issues with our deployment and associate feedback has been positive. It's a joy to work with InVue's solution.

Luxury Fashion Holding Company

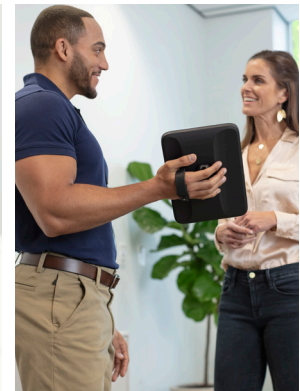

NE360 PAYMENT CENTER

Swap a power-hungry register for a sleek, simple design by turning any tablet into your point of sale system. This integrated payment center can be stationary or instantly mobile with the push of a button.

The NE360C is smaller in size and does not take up too much space compared to our traditional POS. It's visually very sleek, all the cables are hidden, and we never worry about the tablet being out of power.

Global Toy Manufacturer

NE360 mPOS CASES

InVue's NE360 mPOS cases let you combine any handheld or tablet device, any payment device and any operating system to create the mPOS system that meets your needs.

We all want one because we are out on the floor helping customers who can help from the start until they leave with the total purchase experience. We also love the magnetic charging.

Australian Cosmetics Brand

FEATURES AND BENEFITS

NE360H & NE360T:

- 1 Payment cases can be mixed and matched with any Handheld or Tablet case
- 2 USB Connectivity between compatible devices provide seamless service
- 3 Fully integrated charging avoids disruption in customer service
- 4 Hand strap standard with Tablet cases and connection points available on Handheld case.
