

LIVE U-Lock

Controlled mobile access for associates and customers.

Store associates and customers can open LIVE U-Lock utilizing NFC, Bluetooth, QR-scanning, and OneKEY technologies. Control access and receive a full audit trail of locked cages and other spaces to reduce internal and external theft.

FLEXIBLE OPTIONS

Open LIVE U-Lock using OneKEY, a smartphone, or store-issued device.

FULL VISIBILITY

Because users have a unique PIN#, you receive a full audit trail and the status of each lock using access control software.

INCREASED EFFICIENCY

Allows store associates or customers to access merchandise for increased efficiency.

Features and Benefits

LIVE U-Lock is an addition to our LIVE Lock line of access control products. The LIVE U-Lock padlock is rated for indoor use and can be opened using various scanning technologies.

- 1 iOS/Android mobile device access—no key required
- 2 Supports OneKEY access for times when a mobile device is not available
- 3 Real-time audit trail showing who accessed and when
- 4 Supports Bluetooth with NFC/2D barcode scanning
- 5 Indicator light shows when U-Lock is locked vs unlocked
- 6 100mm hardened steel shackle for commercial-grade security
- 7 Screw-on tether prevents drops and unauthorized relocation of U-Lock

Key Differentiators

- Reduce shrink and customer friction
- Easily unlock using a mobile device
- Audit and tracking capabilities
- No keys to lose or combinations to remember
- Unique PIN # for added level of security
- Controlled access using LIVE Access software
- Fully integrated into existing InVue ecosystem™

Target Segments

- DIY Retailers
- Consumer Electronics Retailers
- Hypermarkets
- Warehouses
- Critical Infrastructure

Core Applications

- Sales Floor Fixtures
- Inventory Cages
- Storage Units
- Receiving Doors
- Document Security
- Generators/Control Panels
- Indoor Gates/Fences
