**Current Stain Resistant Finishes**

---

<b>DEFEND®</b>	Plant-based high performance water and stain repellent designed for all application types. Environmentally friendly, PFOA/PFOS free, EPA-approved Nanotechnology
<b>DEFEND®Free</b>	A durable non-fluorinated water and stain repellent, PFAS/PFC free
<b>DEFEND® +</b>	A durable non-fluorinated water and stain repellent with anti-abrasion treatment, plant-based microbe prevention, and odor control. Non-toxic, EPA approved.
<b>GreenShield®</b>	A patented topical finish with multi-functional technology containing water and oil repellency and stain resistance. PFOA/PFOS free. Releases no VOC emissions.
<b>INCASE™</b>	An advanced performance finish by Crypton® that works at the molecular level to provide superior liquid and stain repellency, easy stain release, and odor resistance. Perfect for applications needing to resist spills, stains, odors, and microbes but not requiring a moisture barrier.
<b>Nano-Tex™</b>	Environmentally-friendly, recyclable chemistry that builds permanent spill and stain resistance into the fiber structure of the fabric.

**Current Backing**

---

<b>Acrylic</b>	A flexible back coating that provides stability, eliminates fraying, and prevents adhesive bleed through
<b>Antimicrobial backing</b>	A back coating that is treated with a material that protects the fabric surface from microbes.

**Additional Finishes Offered**

---

<b>Breathable moisture barrier</b>	A robust acrylic back-coating designed to prevent moisture from penetrating the fabric and seeping into the cushion.
<b>Nano-Tex® with breathable moisture barrier</b>	Environmentally-friendly, immersion stain resistant + an antimicrobial incorporated to inhibit growth of bacteria, mold, mildew and fungi.
