Alloro Seating System Specification Guide

Standard Features

Alloro is a modular seating system comprised of 35 unique modules which can be used interchangeably to create an unlimited number of configurations. Options include sofas or modular sectionals along with straight and flared fronts.

Alloro backs are constructed of fiberglass and come standard with an attached back cushion. Alloro modules are available with contrasting fabric options, please see pricing pages for details.

Alloro is fully upholstered with 2¼" diameter non-marring adjustable glide. When ordering configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). All COM/COL fabrics must be preapproved by Bernhardt Design prior to application.

Configurations are connected by a ganging bracket. Ganging brackets are included with each module.

Alloro is SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional environmental information.

Please visit Bernhardtdesign.com for a complete library of 2D, 3D, and Revit models. You may also contact your local sales representative or the Bernhardt Design Corporate office for specification assistance.

Becca Seating System Specification Guide

The Becca Lounge Collection is fully upholstered and includes 6 freestanding skus and 14 unique modules. Becca freestanding units come with non-leveling guides. The Becca modular units come with leveling non-marring glides.

Modules can be used interchangeably to create an unlimited number of configurations. To select the modules that are appropriate for your application use the guide below. All necessary ganging brackets are included and pre-installed. The Becca modules can only be used in conjunction with other Becca modules and are not intended to be used as freestanding components.

All COM/COL fabrics must be preapproved by Bernhardt Design prior to application. SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional environmental information.

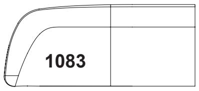
When ordering multi-item configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s).

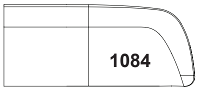
Please visit Bernhardtdesign.com for a complete library of 2D, 3D and Revit models. You may also contact your local sales representative or the Bernhardt Design corporate office for specification assistance.

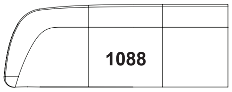
Product Selection

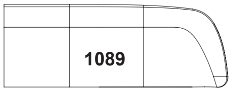
A. End Modules

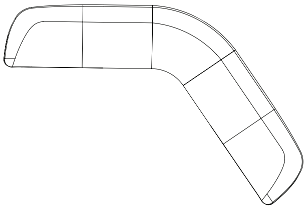
All Becca configurations must include an end module on each end of the configuration.

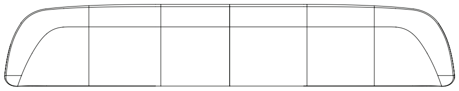






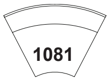


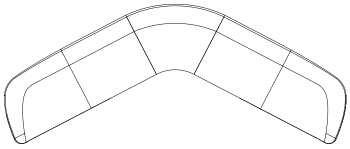




B. 45˚ Connecting Modules

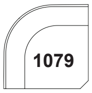
Connecting modules are used in conjunction with end modules. 45˚ Connecting modules may not be used at the end of a configuration or as a freestanding unit.

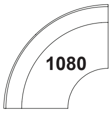


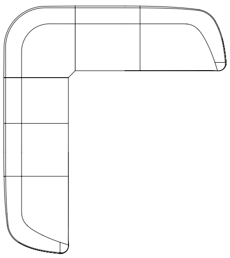


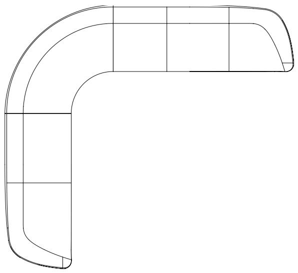
C. 90˚ Connecting Modules

Connecting modules are used in conjunction with end modules. 90˚ Connecting modules may not be used at the end of a configuration or as a freestanding unit.









* Please reference terms and conditions for COM/COL approval procedures

Code Seating System Specification Guide

Code is a seating system designed to provide privacy and create landscapes in open spaces. The system includes modular units which can be combined to create expanded sofas, U-Shaped and L-Shaped configurations. Individual freestanding privacy units are also available, as well as conventional chairs, settees and sofas. When ordering multi-item configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s).

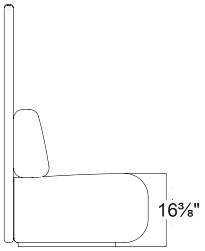
Visit Bernhardtdesign.com for installation instructions as well as a library of 2D, 3D and Revit models. You may also contact your local sales representative or the Bernhardt Design corporate office for specification assistance. SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional environmental information.

Privacy walls are attached to the seat prior to shipping. **Verify that the assembled sku are within size requirements for delivery (elevators, hall intersections, stairwells, etc.).**

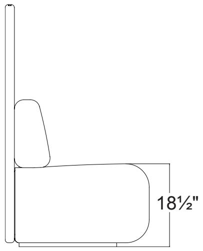
Seat Height Selection

Code units are available in two seat heights. Standard seat height is 16⅜". Conference seat height is 18½". Product numbers ending with the suffix C are Conference height.

Standard Seat Height



Conference Seat Height



Wall Selection

Code privacy walls are available in two different models. Standard walls afford maximum privacy. Angled walls are lighter in appearance and provide improved seating access when used in a banquette application.

Colours Seating System Specification Guide

Colours is a modular seating product comprised of 13 unique modules which may be used interchangeably to create an unlimited number of configurations. To select the modules that are appropriate for your application use the guide below.

Colours is fully upholstered with saddle stitch detailing. Fabric and vinyl applications will be railroaded. Leather will incorporate saddle stitch seams on the top panel. When ordering multi-item configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). Non-marring glides with vinyl sleeves prevent the units from sliding on smooth surfaces.

Due to the organic shapes, the dimensions can vary depending on the orientation of the product. Therefore, a maximum dimension is provided in the price list information. The 2D models provide dimensioned drawings of Colours. Consult Bernhardtdesign.com for a complete library of 2D, 3D and Revit models.

SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional environmental information. Contact your local sales representative or the Bernhardt Design corporate office for specification assistance.

friends lounge modular seating collection

Friends Seating System Specification Guide

Standard Features

Friends is an upholstered modular seating system comprised of 35 unique modules which can be used interchangeably to create an unlimited number of configurations. The collection includes freestanding, two-seat, three-seat, corner and connecting modules that are available with and without arms. Arms are available as upholstered, solid oak or solid walnut.

The base is offered in polished aluminum or Bernhardt standard powder coat offerings and has ⅝" diameter non-marring adjustable nylon glides on each leg.

Welt is standard on the seat, back and upholstered arms. All COM/COL fabrics must be preapproved by Bernhardt Design prior to application.

When ordering configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s).

All configurations are connected by pre-installed ganging brackets.

Friends is SCS Indoor Advantage™ Gold certified. See terms and conditions for additional finish and environmental information.

Please visit Bernhardtdesign.com for a complete library of 2D, 3D and Revit models. You may also contact your local sales representative or the Bernhardt Design Corporate Office for specification assistance.

Harmony Specification Guide

Harmony is an extensive seating platform which allows you to design your own product. You can easily personalize pieces to create different looks within a space.

Customization is made easy by following a simple menu of options including: style, scale, cushion type, cushion stitching options, fabric application and leg design. The collection of chairs, sofas, benches and modular units are available in two distinctive styles - Classic and Luxe, and two scales - Grande and Standard. Two cushion types are offered, along with five unique stitching details and 24 leg choices. A standalone compact chair is also offered in the classic style.

All necessary ganging brackets are included and pre-installed. When ordering multi-item configurations, provide the total COM yardage from the same dye lot in a continuous roll(s).

Harmony's 11,176 options present endless design possibilities.

The next pages provide an overview of Harmony as well as a guide for ordering. Use these steps below to create your custom design.

1. Select your style: Classic or Luxe
2. Select your scale: Grande or Standard
3. Select the product
4. Select cushion type: Radius or Square
5. Select cushion stitching option
6. Select fabric or leather application
7. Specify leg shape and material. Choose either metal leg/metal finish code or wood leg/wood species. When specifying wood leg make sure to also specify the wood finish code.

Please visit Bernhardtdesign.com for wood finishes, 2D, 3D and Revit models. You may also contact your local sales representative or the Bernhardt Design corporate office for specification assistance. SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional finish and environmental information.

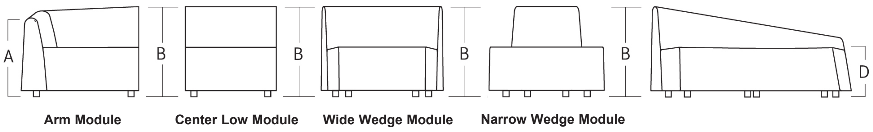
Item Seating System Specification Guide

Item seating modules are fully upholstered and are designed to create freefloating design configurations. Item modules twist, rise and fall in their design creating a final assembly sculptured from both the plan and elevation views. Item is offered in 10 different modules that range in shape and heights. Variations in heights within the item modular group makes it necessary to use only the modules with corresponding heights together. Modules cannot be mated to either A or D sides.

All necessary ganging brackets are included and pre-installed. Fabric on corner module will be railroaded. If modules are used in a configuration with the corner module, specify fabric railroaded. When ordering multi-item configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional environmental information.

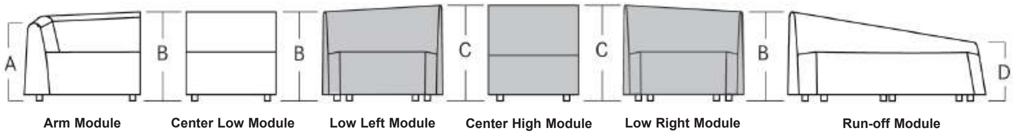
Illustration showing ONLY the low lounge modules for Item.



A - 25⅜"h
B - 29⅛"h
D - 19⅛"h

Illustration showing both the low and the taller transition modules for Item.

Item's change in height adds to the palette of creativity that already exists within the sectional group. Shaded modules show the tall and transitional modules. Note: Tall and low modules must be paired with a unit with a matching height. The "C" height will only fit to other "C" height modules as the "B" height will only work with corresponding "B" height units.



A - 25⅜"h
B - 29⅛"h
C - 31⅛"h
D - 19⅛"h

Luca Seating System Specification Guide

Standard Features

Luca is a modular seating system comprised of 41 unique modules which can be used as freestanding or interchangeably to create an unlimited number of configurations. Options include freestanding benches, two-seat and three-seat modules, corner modules and seating and bench modules with end tables. End table tops are available in oak or walnut and are offered with and without power. Legs are available in one of three finishes: polished aluminum, matte black powder coat and satin white powder coat.

Luca is fully upholstered with ⅝" diameter non-marring adjustable nylon glides. When ordering configurations, please provide the total COM yar age from the same dye lot in a continuous roll(s). All COM/COL fabrics must be preapproved by Bernhardt Design prior to application. SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional finish and environmental information.corporate office for specification assistance.

Configurations are connected by a ganging bracket. Ganging brackets are sold separately and will ship with product. See the Luca lounge-modular accessories page for ordering information.

Please visit Bernhardtdesign.com for a complete library of 2D, 3D and Revit models. You may also contact your local sales representative or the Bernhardt Design corporate office for specification assistance.

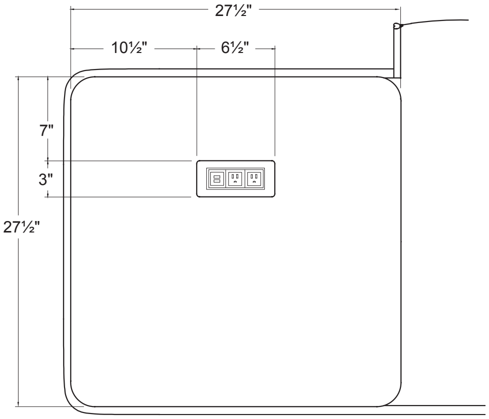
(1) 2 amp USB-C port, 20 watt
6½"w x 3"d x 2¾"h

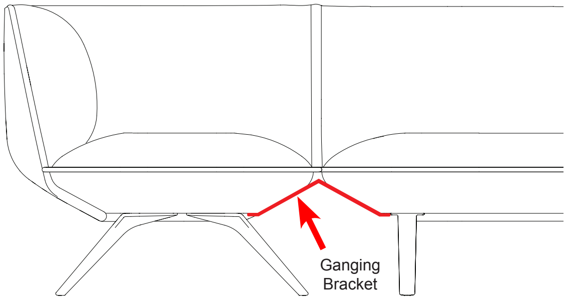


When ordering multi-item configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). All COM/COL fabrics must be preapproved by Bernhardt Design prior to application. Reference terms and conditions for COM/COL approval procedures and instructions for tagging COM.

Connecting Modules

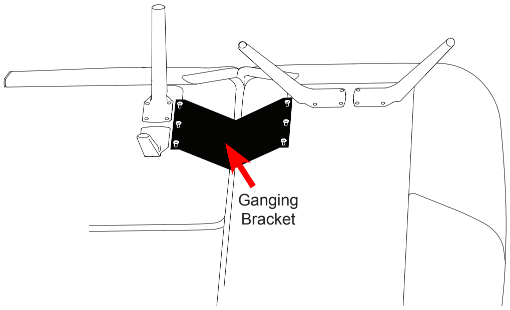
Luca modules connect by attaching a ganging bracket to the underside of the furniture. Order one ganging bracket per point of connection of modular units. Ganging brackets are sold separately and will ship with product.

To connect the modules together insert the three fasteners into the inserts at the location each module is desired to be connected. Push modules together in desired location.



Ganging bracket is concealed behind flange and is not visible when looking at the sofa.

Leave ¼" between head of fastener and upholstery. Fit bracket over heads of fasteners and slide bracket to lock fasteners into keyhole slots cut into fastener. Tighten fasteners against bracket.



Under side view of the ganging bracket placement

Mirador Seating System Specification Guide

Mirador is a modular seating product comprised of 63 unique modules, which may be used interchangeably to create an unlimited number of configurations. To select the modules that are appropriate for your application use the four steps listed below.

Please visit Bernhardtdesign.com for a complete library of 2D and 3D models. You may also contact your local sales representative or the Bernhardt Design corporate office for specification assistance. Mirador is fully upholstered with a polished cast aluminum frame with levelers and non-marring glides.

When ordering multi-item configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). *All COM/COL fabrics must be preapproved by Bernhardt Design prior to application. See terms and conditions for instructions on tagging COM. Specify fabric railroaded when used with Item 5905 corner module.

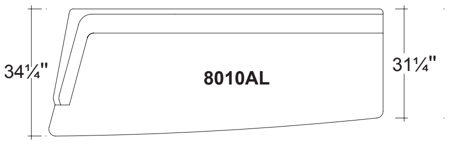
All necessary ganging brackets are included and pre-installed. SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional environmental information.

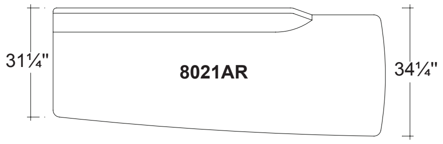
Four Step Selection Process

Step 1 - Front Selection

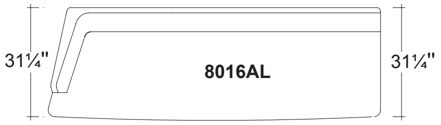
Sofa and Settee modules are available with two different front conditions.

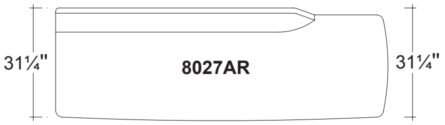
A - Flared Fronts





B - Non-Flared Fronts

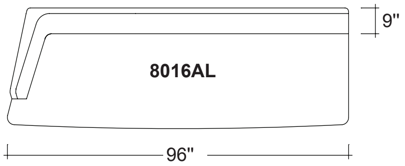


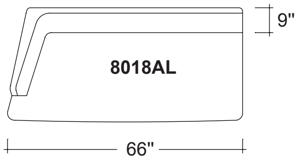


Step 2 - Arm Selection

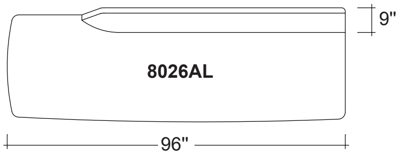
Sofa and Settee modules are available with arms or without arms.

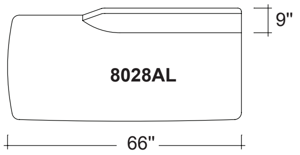
A - Arm Module





B - Armless Module



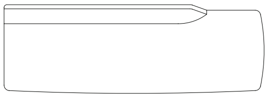


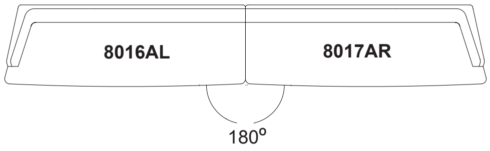
Mirador Seating System Specification Guide

Step 3 - End Selection

Sofa and Settee modules are available with three unique end conditions. The selection of an end condition is used to achieve different angles when connecting multiple modules.

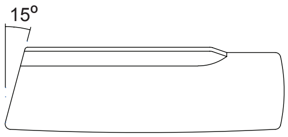
A - Straight Ends are specified for creating a configuration in a straight line 180º.



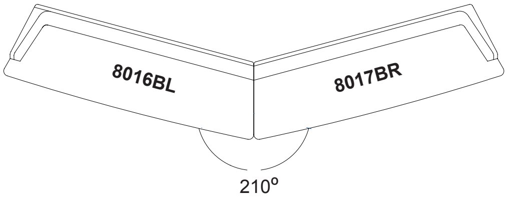


8016AL
8017AR
180º

B - Open Angle Ends are specified for opening up a configuration and achieving an angle which is greater than 180º.

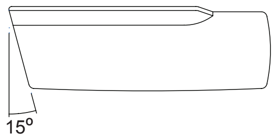


Open Angle modules are wider in the front and narrower at the back.

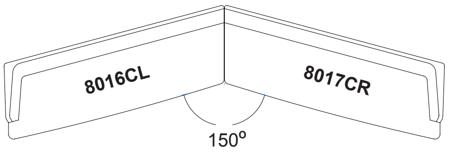


8016BL
8017BR
210º

C - Closed Angle Ends are specified for closing up a configuration and achieving an angle which is less than 180º.



Closed Angle modules are narrower in the front and wider at the back.



8016CL
8017CR
150º

Modules with different end conditions may be connected to achieve the appropriate angle.

Neighborhood Seating System Specification Guide

Overview

Neighborhood is a modular seating and table system consisting of thirty-nine unique modules for use in creating an unlimited number of configurations. Options include single sided, double sided and privacy modules as well as freestanding modules for use with any configuration. To select modules appropriate for your application use the scope of line shown on the following pages.

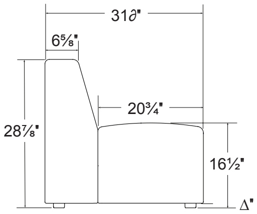
Neighborhood tables are available with worksurfaces in oak veneer in a variety of standard finishes, designer white laminate, or glacier white corian® as connecting modules and freestanding units. Power + USB duplex options are available.

Pivoting connectors join units in a configuration. When rotated inward, connectors are concealed allowing the modules to be used independently.

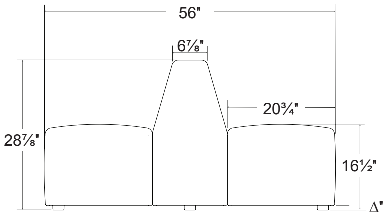
When specifying the privacy modules, please verify that the specified sku is within size requirements for delivery (elevators, hall intersections, doorways, stairwells).

Visit Bernhardtdesign.com for a complete drawing library of 2D, 3D and Revit models. Neighborhood is SCS Indoor Advantage ® Gold and LEVEL® 2 certified.

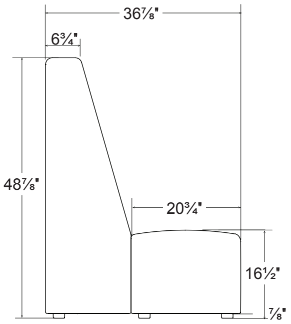
You may also contact your local sales representative or the Bernhardt Design corporate office for specification assistance.



Single Sided Module



Double-Sided Module



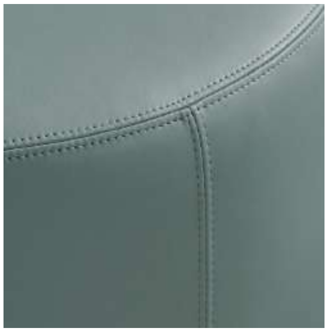
Privacy Module

Upholstery Specification Guide

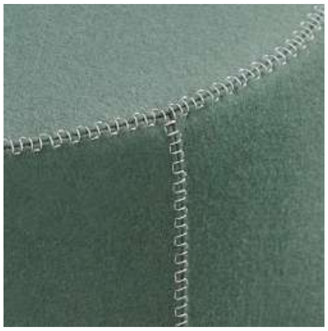
The Neighborhood seating and table modules are fully upholstered with a saddle stitch or a jump master stitch. Thread color must be specified for the jump master stitch. Reference Neighborhood/Stitching on Bernhardtdesign.com for thread color options available for jump master stitch only.

Leather may be specified for single sided, double sided, privacy and table modules. Leather is not applicable on the back and back side panel of privacy modules. Approved leather alternatives or fabric may be used on all Neighborhood frames.

When ordering multi-item configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s).



Saddle Stitch



Jump Master Stitch

COM/COL Preapproval Requirements

When specifying stripes or fabrics with linear grain, the curvature of certain frames may affect the pattern alignment. As a result, the COM/COL preapproval procedure requires ½ yard of fabric or leather alternative, or 1 sq. ft. leather to be submitted for testing for prior approval on all frames except mobile seating, freestanding ottomans, benches and tables.

Preapproval procedure for testing COM/COL for mobile seating, freestanding ottomans and benches, and all tables requires the standard 12" x 12" sample. Reference the terms and conditions for COM/COL approval procedures.

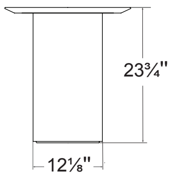
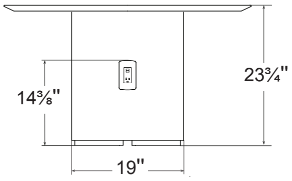
Tables for Freestanding and Connecting Modules



JR1X - 22" Round



JR2X - 42" Round
Power + USB (1)

Neighborhood tables were designed for use as freestanding units or with single or double-sided connecting modules to create continuous configurations. Connecting tables are not available for use with privacy modules.

The Neighborhood table worksurface is available in oak veneer, laminate or corian. Connecting tables have a flat edge profile; freestanding table edges are beveled.

The base is fully upholstered with saddle stitching or a jump master stitch.Thread color must be specified for the jump master stitch. Reference Neighborhood/Stitching on Bernhardtdesign.com for thread color options. When ordering multi-item configurations, please provide the total **COM** yardage from the same dye lot in a continuous roll(s).

Power + USB modules are optional and upcharges apply. Reference information on the following page for power options specifics.

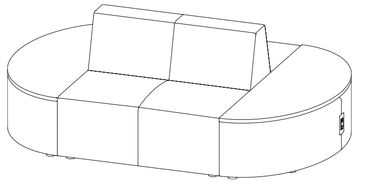
Connecting Modules

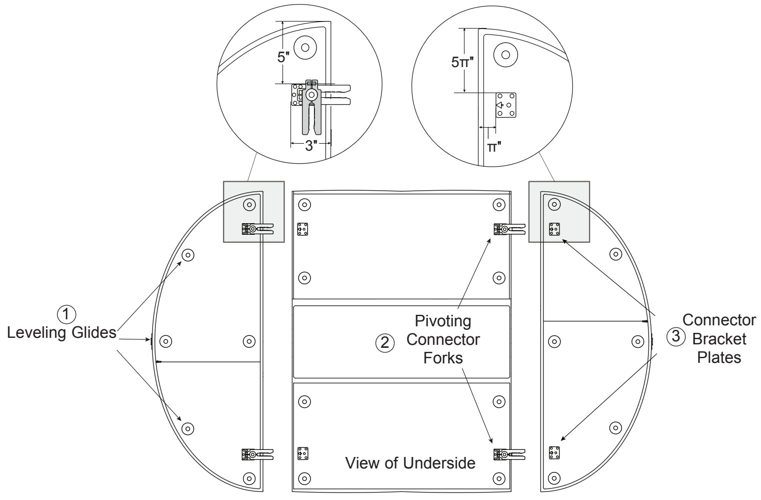
Neighborhood modules connect by inserting the ganging fork into the bracket plate located on the underside of the furniture. To connect modules, rotate the connecting forks perpendicular to the module and slide the modules together. The forks fit around the bracket plates when the modules are connected. Use the leveling glides as needed to align the overall height of the modules on uneven flooring surfaces.

To disconnect modules, lift the side of the module where the bracket plates are located, generally the left hand facing side. Pull to disconnect the brackets from the connecting forks and slide apart.

Modules used in configurations may also be used as freestanding units. The connector fork can be concealed by rotating the connecting fork underneath the furniture module.

Hardware is provided with the 180° curved module for left or right hand orientation.





When ordering multi-item configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). All COM/COL fabrics must be preapproved by Bernhardt Design prior to application. Reference terms and conditions for COM/COL approval procedures and instructions for tagging COM.

Neighborhood Seating System Specification Guide

Power Module

An optional power + USB module is available for all Neighborhood tables except the 22" round table. Single sided connecting tables and the 42’’ round freestanding tables are available with a single power module; double-sided connecting tables and the 42’’ and 48’’ square freestanding tables are available with two modules. Upcharges apply as indicated on the price list for each table.

The power module has (1) 15 amp receptacle, (1) 2 amp USB-A port and (1) 2 amp USB-C port for charging tablets or other USB friendly devices. The power module is UL approved and includes a 10', 14/3 SJT black power cord with right angle plug. The power module has an aluminum powder coat finish and installs in the side of the base. An underside zipper allows access to power.

pasadena lounge modular seating collection

Pasadena Seating System Specification Guide

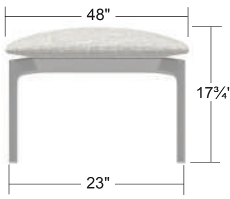
Standard Features

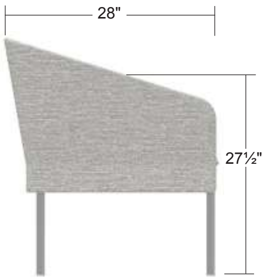
Pasadena is a modular seating system comprised of 64 unique modules which can be used as freestanding or interchangeably to create an unlimited number of configurations. Options include freestanding benches, two and three-seat modules, corner modules and seating and bench modules with end tables. End table tops are available in oak and walnut as well as black or white phenolic materials. All table options are offered with and without power. Base assemblies are available in all powder coat finishes or with polished aluminum.

Pasadena is fully upholstered. Each unit comes standard with felt glides installed and ships with non-marring nylon glides that can installed as needed. When ordering configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). All COM/COL fabrics must be preapproved by Bernhardt Design prior to application.

All configurations are connected by a ganging bracket. Ganging brackets are sold separately and field installed. See the Pasadena accessories page for ordering information.

Pasadena is SCS Indoor Advantage™ Gold certified. See terms and conditions for additional finish and environmental information. Please visit bernhardtdesign.com for a complete library of 2D, 3D and Revit models. You may also contact your local sales representative or the Bernhardt Design Corporate Office for specification assistance.





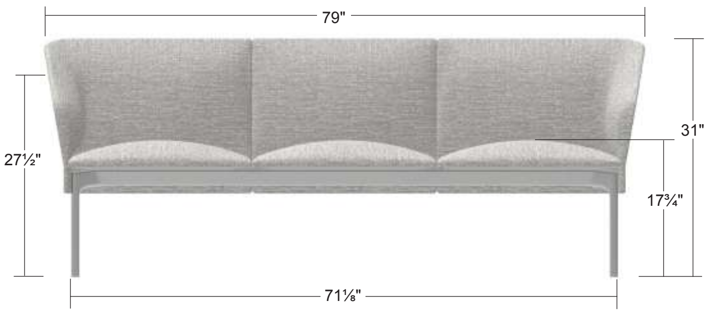


Table Options

Veneer Selection

A sku identifies each wood veneer option as well as standard finishes. Base and top finishes are specified separately.

When specifying light finishes the natural characteristics of the wood will be visible and color will vary. See terms and conditions for additional finish information.

Surface Mount Power Modules

Pasadena offers a proprietary surface mount power solution which is installed flush to the worksurface and provides (2) 15 amp receptacles and (1) 2 amp USB-A port and (1) 2 amp USB-C port. The unit has a 10' infeed with a grounded plug. Power module finish is determined by table finish selection. The power module location is determined by table location as shown below.

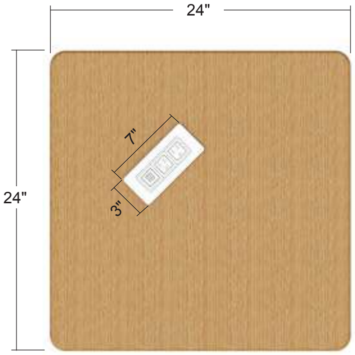
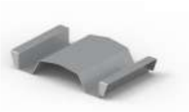
Corner Table Power Location



Connecting Modules

Pasadena modules connect by attaching a ganging bracket to the underside of the module. Order one ganging bracket per point of connection. Ganging brackets are sold separately and will ship with the product. See Pasadena accessories page to order brackets.

To connect the modules together, attach one end of the bracket to the underside of one module using the supplied hardware. The ganging brackets are formed to nest around the extruded base rails. Push modules together into desired location then attach the other end of the bracket in the same manner.



Ganging Bracket

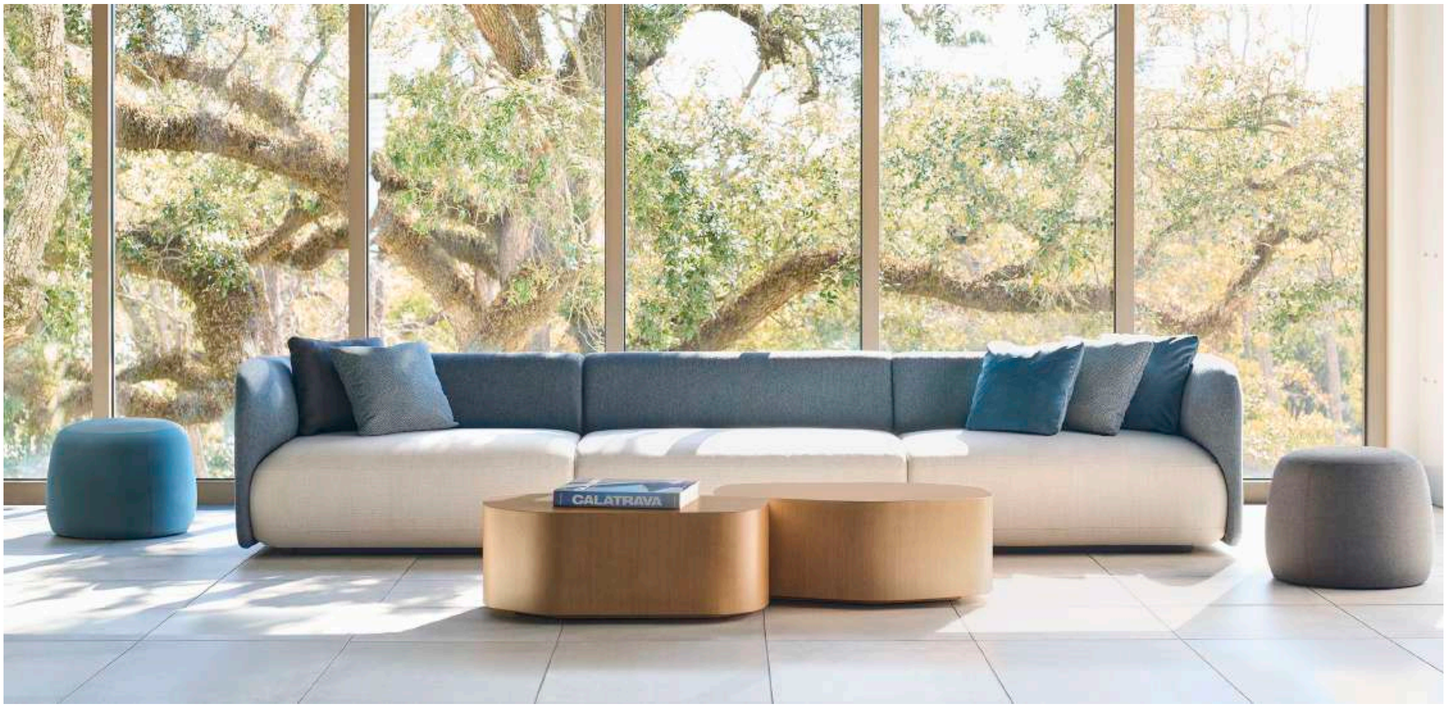
sunset lounge modular seating collection

Sunset Seating System Specification Guide

Standard Features



The Sunset lounge collection is fully upholstered and features 9 freestanding skus and 8 connecting modules. Modules can be used interchangeably to create an unlimited number of configurations.

All necessary ganging brackets are included and installed.

Sunset features a black 1½" maple plinth base with adjustable non-marring glides.

All COM/COL fabrics must be preapproved by Bernhardt Design prior to application. When ordering multi-item configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s).

SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional environmental information.

Please visit Bernhardtdesign.com for a complete library of 2D, 3D and Revit models. You may also contact your local sales representative or the Bernhardt Design corporate office for specification assistance.

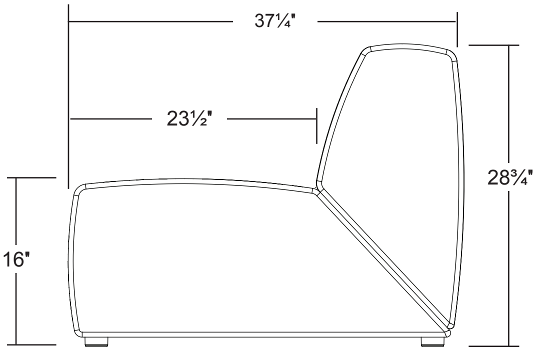
Valentina Seating System Specification Guide

Standard Features



Side view of sku 5650

1½" Diameter Non-Marring Adjustable Nylon Glides

Valentina is a modular seating system comprised of 6 unique modules which can be used interchangeably to create an unlimited number of configurations. All modules can also be used as freestanding units.

Valentina features new contrasting fabric options and comes standard with welt and a saddle stitch detail on the seat, back and arm.

Configurations are connected by a ganging bracket. Ganging brackets are included with each module. 1½" diameter non-marring adjustable glide.

When ordering configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). All COM/COL fabrics must be preapproved by Bernhardt Design prior to application.

Valentina is SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional finish and environmental information.

Please visit Bernhardtdesign.com for a complete library of 2D, 3D, and Revit models. You may also contact your local sales representative or the Bernhardt Design Corporate office for specification assistance.

Valentina Contrasting Fabric Options

Valentina modular seating offers three contrasting fabric options.

A. Inside seat and back, top and side panels of the arms.
B. Seat and back side panels, front and back panels of the arms.
C. Welt

*All COM/COL fabrics must be preapproved by Bernhardt Design prior to application. When ordering multi-item configurations, provide the total COM yardage from the same dye lot in a continuous roll(s). See terms and conditions for instructions for tagging COM.
