

**Standard Features**

The cp.3 table is available with four top options: 1/2" (12.7mm) leaded glass with a polished flat edge or 7/8" (22.2mm) glacier white corian, oak or walnut veneer with a reverse bevel edge. The frame is stainless steel with a brushed, polished or matte black powder coat finish. Bumpers protect the glass and prevent movement.

The cp.3 table with a corian, walnut or oak veneer top is shipped assembled. When the glass option is specified, the table and top are packed separately in the same carton.
