

Quiet Table Collection

The Quiet collection is a comprehensive table system that offers over 550 different options and combinations. The collection includes: occasional tables available in two heights, a series of mid height work tables for use with lounge seating, conference/cafe tables and bar height tables.

All tables are available in solid and woodgrain laminates, maple, oak, paldao and walnut veneers, back-painted etched glass and glacier white solid surface. When specifying light finishes the natural characteristics of the wood will be visible and color will vary. Therefore, exact color matches are not possible. Bases are brushed stainless steel and are available in eight powder coat finishes.

The occasional tables and mid height tables are designed to function as movable work tables and have "finger pull channels" carved into the underside of the tops. The flat base rests upon a custom glide for ease of movement.

Quiet laminate, solid surface and glass top tables are SCS Indoor Advantage™ Gold and LEVEL® 2 certified.

Laminate Selections

A three character sku identifies each laminate selection as well as the standard finish offered. Individual components are priced with standard finish on standard laminate.

Additional colors may be available but are subject to upcharges and extended lead times. The laminate option is available on components where noted as an option in the material specification code.

All laminate tops will have a 3mm matching edge band.
