

Colours Seating System Specification Guide

Colours is a modular seating product comprised of 13 unique modules which may be used interchangeably to create an unlimited number of configurations. To select the modules that are appropriate for your application use the guide below.

Colours is fully upholstered with saddle stitch detailing. Fabric and vinyl applications will be railroaded. Leather will incorporate saddle stitch seams on the top panel. When ordering multi-item configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). Non-marring glides with vinyl sleeves prevent the units from sliding on smooth surfaces.

Due to the organic shapes, the dimensions can vary depending on the orientation of the product. Therefore, a maximum dimension is provided in the price list information. The 2D models provide dimensioned drawings of Colours. Consult [Bernhardtdesign.com](http://Bernhardtdesign.com) for a complete library of 2D, 3D and Revit models.

SCS Indoor Advantage™ Gold and LEVEL® 2 certified. See terms and conditions for additional environmental information. Contact your local sales representative or the Bernhardt Design corporate office for specification assistance.

## Colours - Fabric Application

Fabric covers incorporate seamless top panels. Fabric will be Railroaded on the top panel for all skus.

Striped or plaid fabrics and certain patterns with distinct direction are not suitable for application. Solids, textures and leathers are recommended.

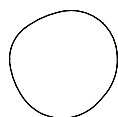

## Colours - Leather Application

Leather covers incorporate saddle stitch seams on the top panel. See diagrams below, noting seam locations for each sku.
