

friends lounge modular seating collection

Friends Seating System Specification Guide

Standard Features

Friends is an upholstered modular seating system comprised of 35 unique modules which can be used interchangeably to create an unlimited number of configurations. The collection includes freestanding, two-seat, three-seat, corner and connecting modules that are available with and without arms. Arms are available as upholstered, solid oak or solid walnut.

The base is offered in polished aluminum or Bernhardt standard powder coat offerings and has 5/16" diameter non-marring adjustable nylon glides on each leg.

Welt is standard on the seat, back and upholstered arms. All COM/COL fabrics must be preapproved by Bernhardt Design prior to application.

When ordering configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s).

All configurations are connected by pre-installed ganging brackets.

Friends is SCS Indoor Advantage™ Gold certified. See terms and conditions for additional finish and environmental information.

Please visit BernhardtDesign.com for a complete library of 2D, 3D and Revit models. You may also contact your local sales representative or the Bernhardt Design Corporate Office for specification assistance.
