## Luca Benches

### Standard Features

The Luca bench collection offers a series of round and rectangular benches that can be used as freestanding or interchangeably with product from the Luca modular seating system. Select benches feature end tables that are available in oak or walnut and are offered with and without power. Legs are available in one of three finishes: polished aluminum, matte black powder coat and satin white powder coat.

Luca benches are part of the Luca modular seating system that is comprised of 41 unique modules. Options include freestanding benches, two-seat and threeseat modules, corner modules and seating and bench modules with end tables.

Luca is fully upholstered with 5/8" diameter non-marring adjustable nylon glides. When ordering configurations, please provide the total COM yardage from the same dye lot in a continuous roll(s). All COM/COL fabrics must be preapproved by Bernhardt Design prior to application. SCS Indoor Advantage™ Gold and LEVEL® 2 certified.

Configurations are connected by a ganging bracket. Ganging brackets are sold separately and will ship with product. See the Luca bench accessories page for ordering information

## Connecting Modules

Luca modules connect by attaching a ganging bracket to the underside of the furniture. Order one ganging bracket per point of connection of modular units. Ganging brackets are sold separately and will ship with product.

To connect the modules together insert the three fasteners into the inserts at the location each module is desired to be connected. Push modules together in desired location.

Leave  $\frac{1}{4}$ " between head of fastener and upholstery. Fit bracket over heads of fasteners and slide bracket to lock fasteners into keyhole slots cut into fastener. Tighten fasteners against bracket.

Ganging bracket is concealed behind flange and is not visible when looking at the sofa.
