Connecting Modules

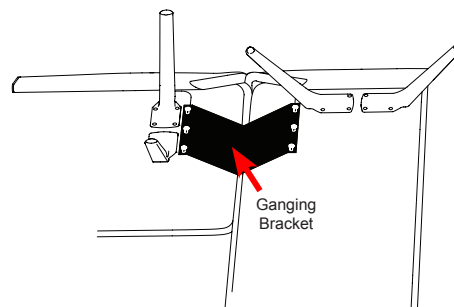

Luca modules connect by attaching a ganging bracket to the underside of the furniture. Order one ganging bracket per point of connection of modular units. Ganging brackets are sold separately and will ship with product.

To connect the modules together insert the three fasteners into the inserts at the location each module is desired to be connected. Push modules together in desired location.

Ganging bracket is concealed behind flange and is not visible when looking at the sofa.

Leave 1/4" between head of fastener and upholstery. Fit bracket over heads of fasteners and slide bracket to lock fasteners into keyhole slots cut into fastener. Tighten fasteners against bracket.
