

Harmony Specification Guide

Harmony is an extensive seating platform which allows you to design your own product. You can easily personalize pieces to create different looks within a space.

Customization is made easy by following a simple menu of options including: style, scale, cushion type, cushion stitching options, fabric application and leg design. The collection of chairs, sofas, benches and modular units are available in two distinctive styles - Classic and Luxe, and two scales - Grande and Standard. Two cushion types are offered, along with five unique stitching details and 24 leg choices. A standalone compact chair is also offered in the classic style.

All necessary ganging brackets are included and pre-installed. When ordering multi-item configurations, provide the total COM yardage from the same dye lot in a continuous roll(s).

Harmony's 11,176 options present endless design possibilities.

The next pages provide an overview of Harmony as well as a guide for ordering. Use these steps below to create your custom design.
