

Flexible Arm Assembly Instructions

The Flexible Arm Assembly provides a convenient method to hold a Lightguide in position to support UV light-curing operations.

1. To use the Flexible Arm Assembly (Figure 1), bend the Flexible Arm to the position desired and install the Lightguide into the Lightguide Holder (Figure 2) and tighten the plastic Securing Knob.
2. Attach the other end of the Lightguide to the Spot Lamp to be used (Figure 3).
3. While operating the spot lamp ensure that UV safety precautions listed in the manual for the spot lamp are followed.

CAUTION! Always wear protective goggles or face shield when working near the front of the unit which emits UV light!

Please Refer to Component User Guides for Detailed Operating Instructions.
