

Rod Lens Adapter Kit

Installation Instructions

Some Rod Lenses require installation of Lens. These instructions describe how to install the adapter kit.

1. The Kit consists of an Adapter for installation on the end of the 8-mm lightguide and a 1.5-mm hex

2. Place the adapter on the end of the 8-mm lightguide & gently tighten the setscrew.

3. After the adapter is installed, insert the 8-mm lightguide into the rod lens.

4. Gently tighten the knob on the end of the rod lens to secure the 8-mm lightguide to the lens. This completes the installation.
