

Rate Change/Lock Guidelines

► Rate Changes Effective:

To be eligible for the credited rate available as of the application signature date, a physical application must be received within 14 calendar days of the application signature date. Fixed rates are defined as fixed rates, caps, triggers, or participation rates.

Annuity applications received at our service center will receive the interest rate as follows:

- **Cash with Application**

Applications received by us within **14 calendar days of the application signature date** will receive the greater of the rates in effect on:

- the date the application was signed or e-signed and received within 14 calendar days of the rate change date, or
- the date the annuity contract is issued.

- **Transfers/1035 Exchanges (Carrier initiated)**

If an Application is received by us within **14 calendar days of the application signature date** and **all** funds are received at the Service Center within **60 calendar** days from the client signature date, the client will receive the greater of the rates in effect on:

- the date the application was signed, or
- the date the annuity contract is issued.

- **Client/Agent Ordered Funds (non-carrier initiated)**

If an Application is received by us within **14 calendar days of the application signature date** and **all** funds are received at the Service Center within **30 calendar** days from the client signature date, the client will receive the greater of the rates in effect on:

- the date the application was signed, or
- the date the annuity contract is issued.

For client initiated IRA rollovers, we require a Transfer Form disclosing that Client/Agent Ordered Funds and any funds received are endorsed or made payable directly to Delaware Life.

For all business, please ensure that your application/paperwork is submitted “In Good Order.”

- Use our New Business Checklist—included with every application—as a guide.
- Please be sure to provide all signatures required to complete the transaction.

An application is **not considered** received without our receipt of a signed application, signed disclosure statement, and transfer paperwork if needed.

Until a contract is issued and while any requirement remains outstanding, we reserve the right to close out an application file and return all funds received to date. The application is considered void and will not be eligible for an interest rate lock.

If all funds are not received at the Service Center within 60 calendar days (1035 Exchanges/Transfer), and 30 calendar days (Client/Agent Ordered Funds), the credited rates will be those rates in effect on the date the annuity contract is issued.
