^{*} GOBankingRates sourced cost-of-living indexes from Missouri's Economic and Research Information Center, including the grocery, healthcare, housing, utilities, transportation and miscellaneous cost-of-living indexes. Using the cost-of-living indexes and the national average expenditure costs for retired residents, as sourced from the Bureau of Labor Statistics Consumer Expenditure Survey, the average expenditure cost for each location was calculated. Assuming a retirement savings of \$1 million, as well as the cost-of-living data, the drawdown time was calculated for each state. Data was collected on and is up to date as of Jan. 6, 2025.
